Dahlia Grower

ALEXANDER'S
1926 DAHLIAS
EAST BRIDGEWATER, MASS.

See Page 16 for this collection.
GENERAL APPLETON has all the characteristics of a first-class Dahlia and is without doubt one of the finest in its class and color. See page 17.

$10.00 each
I print this not because I am proud of my own picture, but because most people like to see the man with whom they are doing business.
Greetings
FRoENDS and CUSTOMERS
Old and New

I BELIEVE a heart to heart talk will give us a good opportunity to become better acquainted. You may be interested to know that Dahlias were my hobby thirty-five years ago; I loved flowers but never dreamed of being in the business. I'll tell you how it happened. My neighbors had several old-fashioned Dahlias, and I purchased a few; I took good care of them, and the flowers I produced were larger and more beautiful than theirs. I became interested, and whenever I saw a color I did not have, I added it to my collection. They were like so many children, as I learned to call them all by name.

My friends became interested in my Dahlias, and urged me to sell them the new colors I had purchased; thus I started in the business, with only sixty Dahlia plants. That was thirty-five years ago. My desire to secure a greater variety led me to search for the best and newest. In a few years I had all the varieties that American Dahlia specialists grew, and learning that new Dahlias were being originated in England and France, I sent for catalogs. That year I imported twenty varieties, and in the Fall the sales from my surplus amounted to $72.00, not much; but enough to encourage me to go on.

Thinking other Dahlia lovers outside of East Bridgewater would be interested to know more about my favorites, I issued my first catalog in 1893. It was a very modest affair, but it did the business. The next year I exhibited at our local Fair, winning several premiums. Two years following, I imported thirty-two new varieties; which, with my collection, led me to believe I could win at the Boston Show, which at that time was the largest Dahlia exhibition in America. I staked mine against the best, and won first prize. Since then my exhibitions, together with my growing exhibits at the World's Fair, St. Louis Purchase Exposition, Jamestown Exposition, Alaska-Yukon-Pacific Exposition and Panama-Pacific Exposition have won honors of highest degree, acknowledging my Dahlias universally unsurpassed.

My ambition to develop something better, larger and more beautiful in Dahlias than was already on the market led me to experimenting. My first results from hybridizing were very gratifying, and each year I have devoted considerable time to cross-pollination, with very satisfactory results; and only wish I had more time to devote to this work. Many of the varieties in this catalog are my own seedlings, and I am developing choicer and better varieties each year, and will introduce them as soon as my stock is sufficient.

My intense enthusiasm and my desire to have the largest and most complete collection of Dahlias, have led me to all parts of the World, in an effort to secure the largest and finest varieties. Many are offered herein, but on some of the newest and choicest, where my catalog circulation is very large, my stock is insufficient to allow me to list them at this time, but they will appear in my catalog as soon as my stock is sufficiently large. Should you have in mind some new creation that you do not find listed, I would appreciate it if you will write me, as I have all that are worth while and will be pleased to supply you.

My interest in other flowers developed with that for my Dahlias. Soon I had a surplus of Gladioli and in 1902 offered choice varieties in my catalog. Since then I have always been on the alert keeping my collection up-to-date, and each year have added to my catalog some new bulb or plant. If I can be of help to you at any time in laying out your flower beds and grounds, or you wish my opinion on new varieties, feel free to write me, and I assure you I am always at your service.

In 1914 I constructed a storage and shipping plant, from which your orders are shipped. This building has a cement cellar containing 11,700 cubic feet of storage room and 4,680 square feet of floor space. In addition to this, I now use eight other cellars in which I store my bulbs, plants and shrubs.

If you are looking for some first-class up-to-date stock, whether it be Dahlias, Peonies or Hardy Plants, do not hesitate in placing your order in the hands of a man who has been doing business for 30 years and guarantees satisfaction. My stock is all tested before being shipped to my customers; it is grown on my own farms and I give special attention to producing good strong roots, which is the important part of a plant to insure satisfactory results. I shall take as much pains in the future as in the past, to send out nothing but first quality stock, and to continue the same prompt, liberal and conscientious dealings. Hoping to receive a share of your patronage this coming season, I am,

J. K. ALEXANDER, The Dahlia King

January 1, 1926

Instructions—Information

Please Read Before Ordering

ORDER EARLY — Your orders are filled in rotation. Ordering early will insure the reservation of varieties that later may be sold out, and save you any disappointments.

SUGGESTIONS TO CUSTOMERS — If you are not acquainted with the different classes and varieties of Dahlias, Peonies, Iris, or any of the other plants I list, I would suggest that you leave the selection to me. Send the amount of money you wish to spend, and write me fully if you have any preferences in types or colors, and I will choose the very best varieties possible, in an effort to please you. My liberal selection I assure you will be satisfactory, as I strive to give the very best when you allow me the choice.

TIME OF SHIPMENT — Unless you give a specific shipping date, your order will be shipped to arrive at the proper time to plant in your locality. If you wish your order shipped at any special time, I will appreciate definite instructions, and assure you that you can depend upon me to serve you satisfactorily. It requires all Winter to separate my large number of clumps, but by the first of March I have one box of each variety systematically arranged in my shipping department, and am prepared to ship all varieties offered in this catalog after that date. As I start planting on June 1st, I cannot furnish all varieties listed herein after June 5th, but can supply good selections of all types if the choice is left to me. I assure you I will send the best possible where selections are left to my judgment.

PACKING — No extra charge for packing. I take great pains in packing my orders, and strive to give all my personal attention to insure their arrival in good condition. I assure you that your order will be securely and carefully packed.

SHIPMENTS PREPAID — All orders will be shipped by Parcel Post, Express or Freight, whichever way I deem advisable, prepaid to all parts of the world, unless otherwise stated.

FOREIGN AND SOUTHERN ORDERS that require shipment out of season. The fact that I receive large numbers of Foreign and Southern orders, and from the same customers year after year, leads me to believe my ability to serve is satisfactory to them. In view of the fact that I do not ordinarily complete harvesting before November 10th to 20th, and that it
requires considerable time to separate the clumps of the great number of varieties I grow, and the quantity makes my eight storage cellars very much congested, I would appreciate it if customers who wish their order shipped between November 30th and March 1st would mention a second choice when ordering. If they are not particularly desirous of special varieties it will insure them prompt shipment if they will leave the selection to me. I give Foreign orders special attention, packing them very securely, so that they will arrive in perfect condition.

ACCURACY OF DESCRIPTION — All descriptions and other matter in this Catalog and Cultural Guide will be found to be as nearly in accordance with actual facts as it is possible to write them, great care having been taken to avoid exaggeration in descriptions of varieties. My authority as to colors is Ridgway’s “Color Standards and Color Nomenclature,” a complete and authentic chart giving Eleven Hundred and Fifty named colors.

In making comparisons there must be an allowance made for variation caused by different soils and climatic conditions.

SUBSTITUTION — The varieties you select are always sent unless you grant me permission to substitute. If you wish a particular color, rather than a particular variety, many times it is to your advantage to mention the fact, as my intimate knowledge and experience oftentimes enables me to improve upon your selection. Therefore, if a substitute is acceptable, be sure to advise me, as otherwise everything is shipped absolutely as ordered.

ERRORS — While my system of handling orders is as nearly perfect as possible, in the rush of business errors occasionally occur, and I hope to be promptly notified of such, giving me an opportunity to make proper adjustments. I would suggest that you keep a copy of your order for comparison.

REMITTANCES — May be made by Check, Post Office or Express Money Order, or Registered Letter, and if for less than $5.00 can be made in U. S. stamps. Coin and currency should be sent by registered letter. Customers residing outside the United States please do not send Foreign stamps or currency — a Post Office order is preferable. All unpaid orders will be sent C. O. D. unless satisfactory arrangements can be made when the order is given.

GUARANTEE — I wish it distinctly understood that although I take all possible pains, I will not be held responsible beyond the purchase price. I guarantee every bulb, root and plant I send out to be just as represented, absolutely true-to-name, reach its destination safely in good growing condition. I will cheerfully replace anything that fails to prove otherwise, and will appreciate your calling my attention to it.

PRICES — The prices herein cancel all previous ones. These prices are void when my 1927 catalog is issued. Any one variety priced at 25 cents each may be had at $2.50 per dozen; any one variety priced at 35 cents each may be had at $3.50 per dozen, and so on with 50 cents, 75 cents, $1.00, $2.00, $3.00 and $5.00 varieties. Six of one variety may be had at the dozen rate. This is a saving of about 20%. If wanted in lots of 25 or more of one variety, write for quantity prices, stating quantity desired.

CONNECTIONS — Long Distance Telephone:
Office — East Bridgewater Number One.
Telegraph — Western Union, Brockton, Mass.
TERMS — Cash with orders or in advance of shipment.

NAME AND ADDRESS — Please remember to write your name, street and number, Post Office, County, State and Country if Foreign, as plainly as possible. Post Office Box or R. F. D. number if you have one. This will avoid delays and chances for errors.

Classification of Dahlias
As adopted by the American Dahlia Society.

The Dahlia belongs to the family Compositae (or Carduaceae, as the family is now sometimes known) and is a close relative of our native species of Coreopsis and Bidens ("beggarticks") and our cultivated Cosmos. What we commonly call the flower is botanically, as also in the sun-flower, a flower-cluster or head, made up of numerous closely aggregated flowers, which are often of two or more kinds. In the so-called Single Dahlias, a few outer flowers of the cluster have broad, flat, conspicuous expanded corollas or rays (popularly but not botanically the "petals") while the inner or disc flowers, including most of the flowers of the cluster, have small inconspicuous tubular corollas.

Growers and exhibitors of Dahlias recognize several different classes or groups of Dahlias, based on the form and other characters of the "flower" or head. The extremes in form are very
pronounced, and it is usually easy to say into which class a flower is to be placed; but here, as elsewhere in nature, and more especially where nature has been interfered with by man, the lines of separation are not always hard and fast, and it sometimes happens that a variety may be found classified under two and sometimes three different headings in catalogs of different dealers. The names and their applications as recently defined by the American Dahlia Society follow:

**SINGLE DAHLIAS.** Open-centered flowers, small to very large, with 8 to 12 floral rays (petals) more or less in one circle, margins often decurved or revolute (turned down or backward). There are no distinctions as to colors. This class embraces the large Century type as well as the small English varieties. They resemble the Cosmos.

**COLLARETTE DAHLIAS.** Of the single type, with not more than 9 large floral rays; but with a circle of smaller, narrower, usually different colored rays, standing at the base or in front of the larger rays and forming a sort of collar between them and the open center.

**DUPLEX DAHLIAS.** Semi-double flowers; center almost exposed on opening of bud, rays more than twelve, in more than one circle, long and flat, or broad and rounded, not noticeably twisted or curled. Many Dahlias previously classed as Peony-flowered belong here.

**PEONY-FLOWERED DAHLIAS.** Flowers are Semi-double, having two, three or more rows of broad, flat, loosely arranged rays or petals, surrounding an open center, which is usually a conspicuous golden-yellow. The inner floral rays being usually curled or twisted, the outer rays either flat, or more or less irregular. Sometimes the rays are pointed, occasionally they curl and twist over the center.

**DECORATIVE DAHLIAS.** Double flowers, full to the center, early in the season at least flat rather than ball-shaped, with broad, flat, somewhat loosely arranged floral rays with broad points or rounded tips which are straight or decurved (turned down or back) not incurred, and with margins revolute, if rolled at all.

**BALL SHAPED, DOUBLE DAHLIAS.** Full to the center.

(A) **SHOW TYPE.** Flower globular or ball shaped rather than broad or flat, full to the center, showing regular spiral arrangement of florets, with floral rays or petals more or less quilled or with their margins involute (rolled forward or inward) and rounded tip. (Dahlias of this type with flowers spotted, variegated or parti-colored, were formerly classed as Fancy; a group no longer recognized.)

(B) **HYBRID SHOW, GIANT SHOW OR COLOSSAL TYPE.** Flowers fully double, broadly hemispherical to fully globular in form, loosely built so spiral arrangement of florets is not immediately evident; floral rays broad, heavy, cupped or quilled, with rounded tips and more or less involute margins. Verging towards the Decorative Class and sometimes found classed with the Decoratives.

(C) **POMPON TYPE.** Same shape and form as A and B, but flowers must be under two inches in diameter.

**CACTUS DAHLIAS:** Double flowers.

(A) **TRUE FLUTED TYPE.** Flowers fully double, floral rays or petals long, narrow, incurved or twisted, with sharp, divided or fluted points and with margins revolute (rolled backward or outward) forming the outer florets, a more or less perfect tube for more than half the length of the ray or petal.

(B) **HYBRID CACTUS.** Flowers fully double, floral rays (petals) short as compared with previous type; broad, flat, recurved or twisted, not sharply pointed except when tips are divided (staghorn); margins only slightly revolute, and tubes of outer florets, if any, less than half the length of the ray or petal. This type intergrades with the Decorative and Peony-flowered classes.

### History of the Dahlia

The Dahlia is a native of Mexico, where it grew wild, and in its single form. Earliest history dates back to 1657, when it was called Acocli by the Aztec Indians. Later the name was changed to Georgiana, after Professor Georgi of St. Petersburg, which name is still used in some of the foreign catalogs. It was again changed to Dahlia, in honor of Dr. Andrew Dahl, a Swedish botanist.

The Dahlia was first cultivated in the Botanic Gardens, at Madrid, Spain, in 1789, and at about the same time was introduced into England by the Marchioness of Butte.

Dahlia Variabilis, from which most of the common or Show Dahlias have originated, was single-flowered state. The first double forms appeared in 1814 and were credited to M. Donkelaar of the Botanical Gardens at Belgium. The Pompon form appeared about 1858, followed by the Decorative, the origin of which is not clearly defined, but probably dates back some 40 or 50 years. Dahlia Juarez, the first of Cactus Dahlia, was discovered in Juxpahor, Mexico, in 1872, by J. T. Vanderberg, and named Juarez in honor of President Juarez of Mexico. It was sent by Vanderberg to an English florist, who exhibited it in England in 1880.

Dahlias tubers or bulbs were used as a food in Mexico and at one time in France. It was attempted to introduce them into cultivation in all Europe as a food for either man or cattle, but the taste was found nauseous to European palates.

The Culture of the Dahlia
Success Will Follow If You Observe These Instructions

LOCATION. The Dahlia is not as particular as most of our flowers, and will succeed under a great many adverse conditions. There are, however, certain locations where Dahlias seem to outdo themselves. An open sunny location seems to favor them at all times. Dahlias do well on high and low lands, on hillsides or perfectly level land, giving good results in each location.
I find Dahlias are particularly adapted for seashore use, and not only do well, but thrive, for the reason of the moisture, and principally the heavy dews which collect during the nights. I also find that many varieties do well in partial shade, producing fully as good flowers as they do in the hot sun, especially for exhibition purposes.

Dahlias will grow and do equally well in any kind of soil. I have sand, gravel, heavy and light loam, low land and hills, and find very little difference, as far as the number of flowers is concerned, the only difference being that in sand and gravel they form a short, sturdy, compact plant, and in heavy loam and low land they grow tall and rank, blossoming about a week later than those planted at the same time in sandy soil.

**PREPARATION** — The soil should be thoroughly cultivated; ploughed or spaded 8 to 10 inches deep, well pulverized and thoroughly worked over, thus affording an opportunity for rapid expansion, and making an easy path for the tiny rootlets. To secure exceptional results, have your soil ploughed or spaded in the Fall or as early as practicable in the Spring; then just before planting have soil thoroughly ploughed or spaded again.

**FERTILIZER.** Fertilization is one of the most important factors, to be successful with Dahlias. We all know that a growing plant, the Dahlia for instance, requires and takes from the soil certain properties; and in order to keep the soil in correct proportion, the materials the Dahlia takes from the soil must be restored. This must be done by fertilization. You can use dressing (either horse, cow, sheep or hen), or chemicals, or any commercial fertilizer rich in nitrogen, potash and phosphoric acid. Fish and potash, acid phosphate in the form of bone flour, or sulphate of potash, are also very effective. My system of fertilization — every other Fall I give my land a top-dressing of stable manure, ploughing under and alternate with lime, using this as a top-dressing.

The manure restores the properties necessary, and makes the soil light and mellow, keeps it from being heavy and caking, while lime has the same tendency and keeps the soil sweet. When planting in the Spring I use commercial fertilizers exclusively (a complete potato fertilizer and ground bonemeal in equal proportions). Every fourth or fifth year I make a Fall planting of Winter rye, then turn under in the Spring, planting the bulbs with commercial fertilizers.

An application of manure (either in liquid or ordinary form), several times throughout the growing season proves very beneficial, furnishing new material for the growing plants and insuring you the very best results.

At the time of planting, two liberal handfuls of fertilizer around the individual tubers would be what I would recommend. After the plants attain a height of three feet, either a handful of fertilizer or any other dressing or manure should be used, and when hoeing, it should be hoed in around the plants. After the plants commence to bloom, it is always well to use fertilizer or dressing around the top of the plants, broadcast on the ground, so that the rains will carry it down to the roots. If applied every three weeks, it will prove very beneficial, although not absolutely necessary, as the fertilizer used when planting would be sufficient to carry the plants through. However, it helps your plants to produce larger and better quality flowers, giving them nourishment at the time they require it most.

In applying the fertilizer, it is best to sprinkle it around the tuber, two, three or four inches from where the sprout will come through, but every precaution should be taken to be sure it does not fall where the sprout will come in contact with it, when it pushes its way through the ground, as fertilizer will burn the sprout. It’s better to have it a trifle farther away, as the roots will find the fertilizer.

**TIME OF PLANTING.** The time for planting Dahlias varies according to the locality; whether your spot is sheltered or open, earliness or lateness of the season, and the times when the general crop of flowers is desired. Dahlias can be planted any time after danger of frost is over, and under ordinary conditions will blossom in from 6 to 8 weeks after they have been planted. It is always best to wait until the ground becomes thoroughly warmed.

**PLANTING.** Plant bulbs in hills or drills, laying flat down, 6 inches deep. Do not stand the bulb on end. If you stand the bulb on end, having the sprout near the top of the ground, all the new bulbs which form will grow near the top of the ground and when you have a dry spell your plant becomes stunted, whereas, if the bulbs were planted flat down 6 inches deep, no matter how dry the season, the bulbs would receive sufficient moisture to keep them growing. If planting with manure cover manure an inch or so before planting bulbs; fertilizer should be thoroughly worked into the soil. Either fertilizer or manure will burn the sprout; be sure to cover with soil.

By planting the bulb first, then covering an inch or so with soil and applying your fertilizer or manure, your plant receives the entire benefit of the dressing. The dressing is above the bulb and every rain carries the food down to the roots, whereas, if your dressing is below the bulb, each rain takes your dressing further away from your plant.

Summary. Plant bulb 6 inches deep, flat down, having sprout or eye facing upward; cover with soil an inch or so, applying dressing, and cover in level.

**CULTIVATION.** Cultivation is the principal requirement of the Dahlia — the most important of all operations to insure success. Keep the soil well cultivated and free from weeds; never allow the soil to crust.
CARE OF PLANTS. Give thorough cultivation, deep at first and continued once a week until the plants commence to flower. After they commence to blossom do not cultivate, as then is the time the new roots are forming and you are apt to cut off the new tubers, weakening the growth of the plant. Do not fail to stir the soil after each rain, keeping the soil from forming a crust on the surface, or baking, and conserving the moisture in the soil, thus avoiding the necessity of watering.

As the shoot or plant commences to show itself above the ground, care should be taken at this time for the prevention of cutworms and other pests that destroy the young shoots; I recommend Vermine, Arsenate of Lead, Cut-worm Killer or Tobacco Dust, as best preventatives for these pests.

As soon as the plants attain a height of 8 to 10 inches it is time to commence to "train" your plants.

There are three systems from which you must choose: The Staking System, the Branching Method and the Massing System.

The Staking System is the most popular, many amateurs finding it the most successful. Dahlias under this system should be planted from 2 to 4 feet apart, according to the amount of space you have to devote — the larger, the more robust the plants. Stakes should be set when the Dahlia is planted. As soon as plants attain a height of 2 to 3 feet they should be secured to the stakes, thus protecting them and preventing the brittle stalks from being blown over or getting broken.

The Branching Method. This system is advocated by many professionals and does away with staking. Plant in hills or rows from 18 to 30 inches apart. When your plant has two sets of leaves, pinch off or cut out the whole top of the plant; at each leaf a branch will start, thus making four branches, one at each leaf. Do not pinch off your plant more than once, as this system makes your plants two weeks later in flowering; but you receive four flower stalks, each of which will blossom equal to the one stalk which you would have received had you left your plants growing without pinching. When the plant is grown it will have a short, strong, single stalk, which comes only an inch or two above the ground, with four branches of flowering stalks. The plant is short and has a neat branching appearance; the branches are self-supporting and are not easily blown over by the wind.

The Massing System. This is the system I use in planting my immense fields — avoiding the extra labor and expense of staking, the woody effect of stakes and giving a solid mass of foliage and flowers, more beautiful and effective than where Nature’s beauty is broken at each interval with a stake. Plant bulbs in rows from 10 inches to 2 feet apart according to the amount of space you have to devote. The plants are self-supporting, each plant supporting and protecting the others.

At the height of 18 inches spray occasionally with Arsenate of Lead, “Black Leaf 40,” Bordeaux Mixture, Hellebore, Pyrox, Slug Shot, Whale Oil solution or other first-class solutions to kill and keep away the aphids or green fly, which often infests Dahlias.

Both wood ashes and lime are good at all times, improving the condition of the soil and are effective as preventatives against insect pests.

To obtain the largest and most perfect flowers, only the best and largest buds should be allowed to mature; the others being taken off, enabling the full strength to develop those into exhibition blooms.

DISBUDDING. Some varieties of Dahlias require thinning and disbudding to produce the best flowers. Varieties having an excessive amount of foliage and small growth should have a considerable part of their branches removed, while those having more buds than can be properly developed or matured should be disbudded. The operation in no way endangers the plants and anyone can do it. Thin and disbud if necessary, moderately or severely as conditions seem to require.

Taking a budded stalk or branch, you will note the large or first bud on the stalk, and also, that at each leaf all the way down the stalk new shoots or budstalls form; these in turn produce buds and flowering stalks, which over-top the first bud. The first bud on every stalk is always the largest and produces the largest and best flower, ordinarily. Before the first flower is in full blossom, the first two side shoots have formed buds and burst into flowers. These in turn become passe, to be replaced by flowering shoots from the set next below, or the second pair of side shoots.

On most varieties the first flower has a short, stiff stem; we disbud to lengthen the stem and to secure larger flowers.

The Proper Way to Disbud: When the first bud is small the first set of side shoots should be removed with a sharp knife. This forces all the plant life that under ordinary conditions would have developed the first two side shoots, into the first bud, making the first flower much larger and giving it a good long stem. Removing the first set of shoots also forces ahead the second set and they in turn burst into flower.

As you cut and remove your flowers, your plant sends forth new flowering stalks from the
bottom of the plant; the more flowers you cut, the more will grow.

Disbudding is more generally used for flowers for exhibition purposes. When wishing the largest flower possible, for exhibition purposes, you can disbud every side shoot down the entire length of your stalk, forcing all plant life into the one flower, thus growing one flower of gigantic size; this disbudding in addition to forcing with manure (taken up under forcing) insures you much greater success at exhibitions.

Anyone can grow Dahlias of exhibition quality if they will digest these remarks, study plant requirements and then act accordingly.

After your plant has been blossoming continually and flowers commence to grow smaller, then is the logical and proper time to fertilize. Apply any good fertilizer broadcast, or any kind of manure available, but it is better to make two moderate applications than too much at one time.

When the flower buds appear, only one bud should be allowed to come to maturity, enabling each branch to produce one exceptionally fine, perfect flower. The flowers, for quality, must not be allowed to receive the drenching rains or scalding sun when nearing full bloom and should be protected from such.

It is always advisable to cut flowers that are to be exhibited as late as possible at night when the dew is on them, placing them in water and keeping them as cool as possible over night, thereby enabling them to withstand handling, packing and transportation.

**WATERING.** The amount of watering depends largely upon the locality and amount of rainfall. In regions where the rainfall is scanty and where sprinkling and irrigation must be regularly practised, Dahlias should be watered more frequently than in localities where there is abundant rain. Watering is very beneficial, adding perfection to blossoms and richness to color, but do it judiciously. A thorough soaking, with the soil stirred the following day, is excellent; but a constant surface sprinkling every day causes surface roots and soft growth. When you have continuous dry, hot weather, I recommend that you water your Dahlias as often as you think it beneficial.

**HARVESTING.** The harvesting and packing for Winter is very important, upon which depends your future success. Should you lose your Dahlias during the Winter, you will be obliged to buy new ones in the Spring; therefore, these suggestions are important.

Dahlias should be harvested shortly after their foliage has been killed by frost. I find from experience that as soon as the frost kills the foliage, the strength of the stalk recedes into the bulbs. By digging two or three days after your plant has been killed by frost, your clumps are in a perfectly dormant condition, having no sprouts, keeping perfectly all Winter and sending forth sprouts in the Spring, which is the proper time.

Dahlias may be dug with fork, spade or plow. In digging or harvesting the clumps great care should be taken. Dig them and dig very carefully; do not pull them up. You have large clusters of bulbs; each bulb has a neck, which is the small portion between the bulb and where it joins the stalk. The clumps should be dug or lifted carefully, so as not to break the necks of
the bulbs. If you crack, girdle or break the necks sometimes they will dry up, other times decay. However, when the clumps are divided, the bulbs with broken necks are weak and not as good and it requires longer for the bulbs to become established before they commence to grow after they are planted in the ground. After removing the clumps, shake gently to remove the soil that would naturally fall off. Cut off tops within two or three inches above tops of clumps, allowing them to be exposed to the sun and air for only an hour or two. Do not allow them to stay out two or three days to dry up, then wonder why they are withered and fail to sprout. Pack in a cool, frost-proof place where extremes of temperature may be avoided—a place having an average temperature of about 45 degrees. Do not cover or pack in any material or with any substance. Cork, sawdust, shavings, coal ashes, sand or earth, all hold and retain a dampness or moisture which is unnatural, making it too close, compact and damp, causing the clumps to start to mildew or decay. Would you pack your potatoes in any of the above? Simply pack clumps one on top of the other, placing each clump upside down. Undoubtedly you are aware that the Dahlia stalk is hollow and that this hollow contains a watery substance or acid. If you pack your clumps with the stalks up, the acid will flow back into the crown of the clumps, causing decay, whereas, if you turn your clumps upside down the acid must flow out, and clumps will remain in a perfectly dormant condition. Pack clumps upside down in boxes or barrels, packing one on top of the other. Dahlias in an old-fashioned cellar will keep first-class without any covering; in a cellar having a cement bottom or heat, the boxes or barrels should be lined with heavy paper and covered with paper or burlap. Covering with paper or burlap excludes the air and preserves a more even temperature. In heated places the circulation of air and heat causes the bulbs to shrivel and dry up; a covering of this kind prevents the roots from shrivelling.

**DIVISION OF CLUMPS.** Although I divide clumps all Winter, it is because of the number of clumps I have to divide: I recommend that the amateur wait until Spring before dividing. Dahlias keep during the Winter much better in clump form. In the Spring the clumps commence to send out sprouts which aid in dividing properly.

Take the Dahlia clump as it was harvested, with the portion of the original stalk from which the top was removed (same as shown on page 9).

Upon examining the clump you will notice that the tubers formed at the base of the stalk, and that each tuber has a crown, neck and body. The crown being the bulging portion where it is connected with the clump, the neck the small portion between the crown and the body of the tuber. By examining carefully, small eyes or sprouts can be detected on the crown and stalk base. These eyes produce the new plants, so in separating, it is necessary that each tuber have an eye. Without an eye the tuber is absolutely worthless.

In separating a sharp knife should be used and great care taken. The best way is to remove each tuber individually but in cutting it is necessary that each tuber have a crown or a portion of the stalk, as it is upon this that all eyes grow.

First of all, select the tuber that you think can be most easily removed. With the point of your knife cut deeply into the base of the stalk (the black lines in the illustration showing place to cut) cutting so to leave an equal amount of the stalk-base for each tuber, and so that each tuber has its crown. By cutting deeply into the stalk-base on both sides, the tuber becomes separated from the clump, leaving a "V" shaped portion of the stalk-base as a crown or head, upon which the eye is found or will grow. The next tuber favorably located from the separating standpoint can then be chosen, and removed by again cutting the stalk-base, and so on until the stalk-base becomes the crown of each individual tuber.

**SIZE OF BULBS.** The size of the bulb or tuber does not in any way designate the size or quality of the flower. Some varieties of Dahlias always produce very small bulbs, while other varieties make large ones. Do not consider small bulbs worthless, for they are equally as good and in many cases better than large ones. Medium and small sized bulbs more often produce the finest and highest colored flowers, and in many cases the best and most effective plants. The only requisite of a Dahlia bulb is: be sure that your bulb has one or two eyes or sprouts, whether large or small, and with proper cultivation, success is generally assured. A clump, root, bulb, or division of a clump, potroot, cutting, sprout, and even a Dahlia seed, will grow and blossom, all equally well. It is not the size, but the care and cultivation—cultivation is the principal requirement of the Dahlia.

**CONCLUSION.** There are no set rules to follow invariably by all or even by any one grower year after year. In fact, each soil, location, climate or season, may call for different treatment. Study your plants; watch them as they develop; try all experiments along lines in harmony with nature's laws. Success with Dahlias is the same as with anything else; do everything in moderation; excess in any direction is unwise. In many locations conditions are so favorable that Dahlias grow to perfection with practically no attention. So it is with seasons—some years Dahlias do well the entire season, but there is no reason why Dahlias should not be grown successfully year after year. My methods of cultivation are simple and easily followed, the treatment and requirements are so simple, there is no reason why you should not be successful with your Dahlias. The Dahlia is one of the easiest plants to grow and will produce more flowers than any other plant in the garden if properly cared for.
Cactus Dahlias

The American Dahlia Society divides the Cactus group into two types: the true Fluted type and the Hybrid type. But in the following list I have made a further distinction, separating the Incurved from the Straight-petalled form. The shape of these two forms is so very different that I feel this distinction will be of great help to my customers in making their selections.

The Incurved type, of comparatively recent introduction, has slightly quilled petals or florets, incurving in greater or less degree towards the center; the Straight-petalled type has quilled petals that are straight, or nearly so; the Hybrid type has broad, straight, slightly quilled and pointed petals. These three forms are indicated after the names in parenthesis.

New and Rare Cactus Dahlias for 1926

I will ship these 23 New and Rare Cactus Dahlias for $35.00 prepaid to any part of the world.

A. C. LAWRENCE. (Hybrid.) A beautiful flesh-pink shade, the large flowers stand erect on long stems. $2.00.

AMBASSADOR. (Hybrid.) Yellowish-buff shading to salmon-pink. Flowers of pleasing form and enormous size, held erect on strong stems. $2.50.

BOWEN TUFTS. (Alexander.) Incurved Cactus.) The flowers are of gigantic size, being a bright capucine orange blending to a bright golden-orange in the center with yellow reflex. Very stately, good stems. $2.00.

BRIDE'S BOUQUET. (Hybrid.) An ideal white cactus and profuse bloomer, extra long stem, and a Dahlia that stands up well when cut. $1.00.

CALIFORNIA ENCHANTRESS. (Hybrid.) A new California creation. Flowers of very delicate blush; buds open a creamy white, changing to a soft rosy tint as the flowers develop. Flowers produced on long stiff stems in abundance making it a good cut-flower variety. $1.50.

COLOSSAL PEACE. (Hybrid.) Creamy-white at the center, shading to violet-rose, with lighter tips. A massive Dahlia of Kalif form and size. $1.50.

ELSIE OLIVER. (Hybrid.) Creamy-pink shading to white in the center. The buds are laden with enormous size blooms all summer. $2.00.

GLADYS SHERWOOD. (Hybrid.) A pure white beauty with good stems. $1.00.

H. B. WESTON. (Hybrid.) A fine clear yellow, very large and very free flowering. $1.00.

HELEN DURNAUGH. (Hybrid Cactus.) One of the most beautiful of the pink and white varieties. Serrated or notched petals add greatly to its beauty. The stems are stiff and of good length, making it very desirable. $2.00.

J. HERBERT ALEXANDER. A beautiful incurved cactus Dahlia of a charming shade of golden-yellow, exquisitely blending to clear deep salmon-pink. $5.00.

LADY HELEN. A very striking pinkish-red with suffusions of creamy-white running through it. Long stems and well formed blooms. $1.50.

LA FAVORITA. (Hybrid.) A beautiful brilliant salmon, shading from dark to a pinker salmon at the twisted points, perfect center, good stems. $1.00.

MANDALAY, H. C. Yellow, deeply overlaid with a cuppery bronze, one of the best grown. $3.00.

MARAPOSA. The most beautiful of all the Hybrid Cactus Dahlias. Curly petals of pink, with deeper pink at the center. The whole suffused with faint violet. Has long stems and has good keeping qualities. $3.00.

MOTHER, H. C. Pure white with the slightest tint of color. It is large and full and carries itself on an erect stem. Good for cut flowers and exhibition purposes. $1.00.

MASTERPIECE. A wonderful new seedling of magnificent form and size. The blooms produced freely throughout the season are a delicate coral-pink in color. The petals incurve slightly, are long, slender, and numerous. $2.00.

MRS. C. B. BENEDICT. (Hybrid). Alexander's New Seedling. 8 to 10 inches across. A clear light yellow, one of the largest grown, a wonderful flower. $5.00.

MRS. EDNA SPENCER. (Hybrid.) A flower of the most delicate and exquisite shade of orchid-pink. Very beautiful and has a good stem. $1.00.

MRS. W. E. ESTES. A very large, pure white, of the finest quality, held on stems that are long and stiff. A prolific and continuous bloomer. Absolutely one of the best whites of its class. $1.00.

MT. SHASTA, H. C. Cream yellow shaded pink, one of the best. $1.00.

VALIANT, Cac. Brilliant crimson, giant flowering, long stems, perfectly incurved long and narrow florets. $1.00.

WASHINGTON CITY. A gigantic pure white, star-like flower. It has a long stem and holds its flower erect. $1.00.

Silver Medal Awarded Me in Open Competition With the World

My Growing Exhibit competed against over six hundred growers to win this medal.
**General List of Superb Cactus Dahlias**

This collection of 48 Cactus Dahlias is prepared for $18.00.

(The three types of Cactus Dahlias are designated by the words Straight, Incurved and Hybrid, after the name.)

**ALBERT.** (Straight.) Brightest fiery-scarlet, base tinged-yellow. An immense flower. **25 cents.**

**ALIGHT.** (Incurved.) Gigantic flowers of a beautiful orange-scarlet color. Petals very long and exceedingly narrow. This variety can be highly recomended as a desirable form. **25 cents.**

**AMAZON.** A beautiful purple-violet. **25 cents.**

**BEDINIA.** (Hybrid.) Clear, bright orange, striped and flaked red; very striking. **25 cents.**

**BERTRAM S. VARIAN.** (Alexander) (Incurved Cactus.) A very brilliant, deep scarlet of the moderately incurved form, of good size on long stems. This is one of the finest flowering Dahlias in my list. **75 cents.**

**BRIGADIER.** (Incurved.) Bright crimson, base and outer petals scarlet-crimson; petals long, numerous and beautifully incurved; large flowers. **50 cents.**

**CAPSTAIN.** (Hybrid.) Soft red, tinted apricot. **50 cents.**

**CHAS. H. CURTIS.** (Incurved.) Rich, scarlet-crimson; large, full. **50 cents.**

**COLUMBIA.** (Straight.) Vermilion, tipped and striped with white. Long, narrow, star-like petals. The flowers make very fine little foliage. **25 cents.**

**CONQUEST.** A robust and sturdy grower and one of the finest produced. Color, a deep, crimson-maron. **50 cents.**

**CYCLE.** (Hybrid.) Deep mauve-red, very odd. **25 cents.**

**DREADNAUGHT.** (Hybrid.) The color is a glowing crimson, deepening to maroon in the center. **25 cents.**

**EARL. E.** (Hybrid.) Bright plum color; large bold flower. **25 cents.**

**EDITH CARTER.** A variety of great beauty and one of the finest for exhibition purposes. Color, yellow, heavily tipped bright rosy carmine. Erect habit. **50 cents.**

**ETENDARD DE LYON.** (Rivoire.) The color is a trifle darker than rhodamine-purple, described by some as carmine-rose. The flower is held on fine, stiff stems. **50 cents.**

**EUREKA.** (Burrell.) (Straight.) Color very deep purple. Petals are long, straight and tightly quilled. **25 cents.**

**F. W. FELLOWS.** (Stredwick) (Incurved.) This variety produces huge flowers in profusion. The petals are long, straight and very numerous, allowing the blooms to remain full until long past their prime. Color a bright orange-scarlet throughout. **50 cents.**

**FRED COBBOLD.** (Incurved.) Bright crimson. Large, beautifully formed flowers. Moderately incurved. **25 cents.**

**GENERAL BULLER.** (Straight.) A rich, velvety crimson-maron, tipped white. Occasionallly a solid crimson flower on same stalk. **25 cents.**

**GOLDEN EAGLE.** New Incurved English Cactus Dahlia. Orange-yellow, suffused rose, and fawn. Flowers are produced on long stiff stems. Moderately incurred. **75 cents.**

**GOLDEN GATE.** New American Hybrid Cactus Dahlia. A gigantic flower of deep orange-yellow, overlaid bronze. Very vigorous grower. **35 cents.**

**GOLIATH.** (Hybrid.) Yellow, tinged with salmon; brood petals, narrow, straight and tightly quilled. One of the best yellow Dahlias in existence. **50 cents.**

**H. F. ROBINSON.** (Straight.) Magnificent clear golden-yellow. Petals narrow, straight and tightly quilled. One of the best yellow Dahlias in existence. **50 cents.**

**H. G. ALFORD.** (Straight.) A beautiful pale yellow, edged and shaded amber and pink. **25 cents.**

**H. THOMAS.** (Stredwick.) (Incurved.) The flowers are of beautiful formation, having long, incurved petals, closely packed. The color is a beautiful rich deep crimson. **50 cents.**

**IGNEA.** (Moderately Incurved.) Bright crimson-scarlet. A very large and distinct variety. **50 cents.**

**J. H. JACKSON.** (Vernon & Barnard) (Straight.) The finest black Cactus Dahlia in existence. Color, a perfectly gorgeous, deep velvety, blackish-maron. **25 cents.**

**KALIF.** A truly majestic flower, of perfect Hybrid Cactus form, and in color a beautiful pure glowing-scarlet. The gigantic flowers, which are produced freely, are bracted on strong and very stiff stems, making it a most effective and useful variety for cutting, as well as for garden decoration. **75 cents.**

**LADY FLOWER.** (Stredwick.) Very Fair is a wonderful variety of absolutely unique formation. The color is an exquisite shade of primrose, daintily overlaid soft pink. A very late flowering variety, but one of the finest novelties in the Dahlia world. **25 cents.**

**LIBELLE.** (Straight.) Clear, deep rose-purple. **25 cents.**

**MARJORIE CASTLETON.** (Straight.) The outer petals are pleasing shade of rose-pink, while the tips and central florets are cream-white. **25 cents.**

**MILTON HOWARD.** A charming shade of bright pink, with white at center and tips of petals. **51.00.**

**MME. HELENE CAYEUX.** (Cayeux.) **25 cents.**

The flowers are of the largest size with long, narrow florets, forming a bloom of magnificent form. The color is a beautiful rich pink daintily tipped white. **50 cents.**

**MR. SEAGRAVE.** (Straight.) Deep purple. **25 cents.**

**MRS. C. H. BRECK.** A new Cactus Dahlia of exceptional merit. Color, creamy-yellow passing to various shades of rose-pink. **50 cents.**

**MRS. FERDINAND JEFFRIES.** The largest and best rich velvety maroon of the Hybrid type. The petals are broad, curved and twisted. A very free bloomer, large and massive. **50 cents.**

**MRS. J. W. WILKINSON.** Deep pink, with very long petals. **50 cents.**

**PIERROT.** (Stredwick.) (Incurved Cactus.) A unique and striking novelty in color, of unusual grace and refinement of form, being composed of very long, tubular narrow petals, which are of a deep amber or orange-buff color, occasionally showing white tips. A splendid garden variety and creates a furore wherever exhibited. **50 cents.**

**REFEREE.** (Incurved.) A clear, bright, yet soft terra cotta. The flowers are very large and produced freely. Much admired by all wherever exhibited. **50 cents.**

**RELIABLE.** (Straight.) This variety is most appropriately named, it being one of the most reliable we grow. A novel, but very pleasing combination of yellow, brick-red and salmon. Exceptionally free-flowering. **25 cents.**

**RENE CAYEUX.** (Straight.) An exceptionally free-flowering variety. Flowers are of good size and are a beautiful ruby-crimson; are borne on long stems. Excellent for exhibition. **25 cents.**

**RUTH FORBES.** (Hybrid.) The massive, clear pink flowers, composed of heavy petals, are often accompanied by stems measuring 2 feet in length; excel any other variety for large vase purposes. **25 cents.**

**REV. DR. BAKER.** (Moderately Incurved.) The coloring is a very odd, being a novel shade of plum. Excellent for exhibition or garden purposes. **50 cents.**

**STERN.** (Straight.) Bright primrose-yellow. The flowers are large; petals long and pointed. One of the most perfect and very valuable. **25 cents.**

**SYLVIA.** (Keynes.) **50 cents.**

**THOMAS CHALLIS.** (Incurved.) A very rich tone of salmon-red or rosny-salmon. This variety can be recommended as one of the best for cut-flower purposes. **50 cents.**

**TUSTU.** (Straight.) The color is perfectly gorgeous—a beautiful velvety maroon. The petals are very long, tightly quilled. We can highly recommend. **50 cents.**

**W. B. CHILDS.** (Hybrid Cactus.) A very reliable variety. Color a beautiful dark purple-maron. **35 cents.**
Peony-Flowered Dahlias

The great development and present value of the Peony-flowered type is due to Mr. H. Hornveld, an Orchid specialist of Baarn, Holland. After seven years of cross-hybridizing and developing (July, 1904) he was able to show the results at the meeting of the Dutch Horticultural Society at Rosendaal, where he exhibited four varieties, Queen Wilhelmina, Duke Henry, Baron G. de Grancy and Glory of Baarn. Here he received a first-class Certificate of Merit, and the admiration and encouragement of growers and Dahlia lovers. A still greater success was accorded him that same season at the International Exhibition at Dusseldorf, Germany, where he gained the highest awards. The horticultural world gathered at the Show was charmed by the elegant and artistic form, the strong stems, and the delicate colors of the flowers.

English and American Dahlia Specialists, seeing their value, immediately commenced experimenting, and to-day every up-to-date Dahlia specialist offers a collection.

The Peony-flowered Dahlias have exquisite semi-double flowers, with the conspicuous rich, golden-yellow center and loosely arranged petals. Many are large and full with long curling and twisting petals, giving them a certain fascination and artistic appearance that none of the other types possess. They are favorite garden and cut-flower Dahlias, producing their flowers abundantly and continuously. Their stems are long and graceful, and their blossoms remarkably effective in bouquets, hotel and house decorations, and in the garden.

Up-to-Date-Varieties

I will ship this collection of 16 Up-to-date Peony-flowered Dahlias for $15.00 prepaid.

ANNA CHASE. P. F. A delicate shade of pink, with a good stem and one of the best bloomers introduced. $2.50.

BERTHA PAULDING. (Alexander.) The flowers are of an exquisite, deep, rose-pink, of good depth and with an open center. Altogether one of the best pinks of its type. 50 cents.

CHICAGO. Alexander's Up-to-date Peony-flowered Seedling. The coloring of this variety is exceedingly wonderful—a clear purple with an exquisite ring of yellow at the center. This delightful combination gives it a supreme place in the Peony-flowered class. Plants are very dwarf. 50 cents.

CLEOPATRA. (Maroon.) Large flowers on good wiry stems. The color is a fine shade of yellow, the reverse of the petals being a tangerine shade, the combination being especially attractive. Fine for garden decoration. $1.00

GERTRUDE BURBANK. Alexander's New Peony-flowered Seedling. Named expressly for Mrs. Gertrude Burbank of Waco, Texas. The flowers are very large, and of a brilliant scarlet-red. This creation is a seedling from the popular variety "Geltah." The plants are very tall, producing their flowers upon long stems. $1.00.

GRACE KIRSCHNER. Alexander's New Peony-flowered Seedling. White daintily overlaid cameo-pink. Its blossoms are very large, and exceptionally fine. One of the most delicate of this collection. $1.00.

MINA SEABURY. Alexander's New Peony-flowered Seedling. Named expressly for Mrs. Philip Seabury of Boston, Mass. A very large flower, with long curling petals, that is destined to become a great favorite. In color, a sulphur-yellow, very daintily overlaid mallow-pink. $1.00.

MISS BARBARA HAMMOND. Alexander's New Peony-flowered Seedling. An exquisite shade of silvery rosoline-pink, blending to clear pale lemon-yellow at the center. One of the most beautiful. A very tall growing plant, producing its blossoms upon long stems. $1.00.

MISS CLARA B. CLARK. Alexander's New Peony-flowered Seedling. A very free-flowering bright sulphur-yellow heavily striped and splashed carmine-red. One of the finest and most attractive of the Fancy Peony-flowered varieties, if not the finest. $2.00.

MISS LYMEA T. BAXTER. Alexander's New Peony-flowered Seedling. Named expressly for and with permission of Miss Lyrena T. Baxter of Barnstable, Mass. This new creation received an Honorable Mention at the September Dahlia Exhibition of the Massachusetts Horticultural Society; the highest award given to a seedling exhibited for the first time. The coloring is a very beautiful clear pale lemon-yellow. $1.00.

MRS. NEWELL D. ATWOOD. Alexander's New Peony-flowered Seedling. Named expressly for and with permission of Mrs. Newell D. Atwood of Barnstable, Mass. This new variety is a most attractive member of the Peony-flowered class. It is a very beautiful clear pale lemon-yellow. $1.00.

U. S. A. (Stillman). Few Dahlias have met with such popularity as this introduction of Mr. Stillman's. He catalogs it in the Hybrid Cactus class but it seems to me to be more of a Peony-flowered Dahlia. The color is a glistening, deep orange, not at all common in Dahlias, with excellent stems and is good for all purposes. $2.00.

SPECIAL OFFER

This superb set of six Cactus Dahlias, prepaid for $2.25

Bride's Bouquet, white $1.00
Eureka, purple .25
J. H. Jackson, maroon .25
Libelle, purple crimson .25
Pierrot, buff and white .50
F. W. Fellows, orange scarlet .50

13
General List of Select Standard Peony-Flowered Dahlias

A collection of the choicest Standard Peony-flowered Dahlias in existence; introductions from all over the world. I will send this Phenomenal Collection of 24 Fashionable Peony-flowered Dahlias prepaid for $8.00.

ANNY DOPPENBERG. The color is sulphur-yellow, and the habit of the plant is all that could be desired. 50 cents.

ALTA POWELL. Alexander’s Peony-flowered Seedling. A very bright lemon-yellow, overlaid, blending to and edged carmine red. The plants are very tall and sturdy, producing their flowers on long stiff stems, well above the foliage. 50 cents.

CAECILIA (Hornsveld.) Gigantic Holland Peony-flowered Dahlia. A magnificent flower of great individuality; one that will give perfect satisfaction. A wonderfully large creamy-white flower. 50 cents.

CARDINAL. New Holland Peony-flowered Dahlia. A very large flower of a gorgeous maroon-purple. The stems are unusually good, being long and very strong, producing the flowers well above the foliage. 50 cents.

EUGENE BURGLE. (Burgle.) A rich, dark red in color, the blooms are of immense size and perfect form. 50 cents.

FRAULEIN BUDDE. (Hornsveld.) Beautiful Holland Peony-flowered Dahlia. A charming soft, mauve-violet with an exquisite golden-yellow center, which combines to make the flowers most beautiful. 50 cents.

HORTULANUS BUDDE. (Hornsveld.) Gorgeous Holland Peony-flowered Dahlia. A bright scarlet color. 25 cents.

JONTEEL. Alexander’s New Peony-flowered Seedling. Beautiful pale corinthian pink blending to golden yellow at the center. Good long stems. 50 cents.

KING EDWARD. First-class Holland Peony-flowered Dahlia. A large purple flower of good substance. 35 cents.

LATONA. (Hornsveld) New Holland Peony-flowered Dahlia. An unusual blending of orange, buff and yellow. Flowers are nearly full to the center, and produced freely, upon good stems. 50 cents.

MARY DUKE. Alexander’s New Peony-flowered Seedling. An early and profuse blooming variety, and without doubt the finest of its color. A very delicate lavender-white, blending to lemon-yellow at the center. 50 cents.

MARIE STUDHOLME. (Ware.) Delicate, bright mauve-pink, shaded with a glistening ivory sheen. This beautiful combination of colors gives the appearance of a lavender-pink. 35 cents.

MISS DORIS BIRD. New Peony-flowered Seedling. One of the best of my new seedlings, of a clear rose-red shade. Flowers of large size. 50 cents.

MME. VAN BYSTEIN. (Hornsveld.) A very distinct and new shade, lilac-blue throughout. Plants tall and sturdy, holding blooms well above the foliage. An early and abundant bloomer. 50 cents.

MRS. A. PLATT. Sterling English Peony-flowered Dahlia. The color is a magnificent blush-pink. First-class variety; valuable for exhibition purposes. 50 cents.

MRS. BOWEN TUFTS. Alexander’s Gigantic Peony-flowered Seedling. Named expressly for and by permission of Mrs. Bowen Tufts of Boston and Allerton, Mass. This creation is the finest of my new Peony-flowered Dahlias, having gigantic, deep rosy-purple blossoms, which are produced well above the foliage upon long, graceful stems. 25 cents.

NEWPORT DANDY. A lilac-pink of the most delicate shade. The yellow center is open with the inner petals curling and twisting over it. 50 cents.

PAINTED LADY. (Hornsveld.) Up-to-date Holland Peony-flowered Dahlia. A beautiful pale rose. 25 cents.

PRINCE CAMILLE. Color, velvety crimson, shaded rose. 50 cents.

ROCHESTER. (Alexander.) Superb Peony-flowered Seedling. Color, a gorgeous crimson-maroon, effectively striped and splashed pure white. A beautiful flower of most original form, every petal twisted, making a gay contrast with the beautiful golden-yellow center. 50 cents.

VIRGINIA MARSHALL. (Alexander.) A very beautiful and delicate new variety. In shape and form the flowers are perfectly original; the petals are very long and “Geisha”-like, being beautifully quilled and twisted. The blossoms are an exceptionally dainty primrose-yellow, faintly overlaid a delicate rose-lilac shade. 50 cents.

ZEPPelin. (Hornsveld.) Holland Peony-flowered Dahlia. The color is the most beautiful shade of mauve—a very fascinating color. The perfection in form of this variety is one of its greatest features. Award of Merit. Very abundant flowering. 50 cents.
LATONA. (Three-quarters Actual Size, see page 14)
50 cents each; $5.00 per dozen.
Duplex Dahlias

This is a much needed classification of a favorite type of Dahlias, now listed by some as Peony-flowered Dahlias and by others as singles. The flowers are semi-double, with center almost exposed at the opening of the bud, with petals in more than one row, more than twelve petals, and not over three rows. Petals are long or flat, or broad and rounded, not noticeably twisted and curled. They are very free-flowering, being ideal for cut flowers.

General List of Duplex Dahlias

This collection of 5 Duplex Dahlias for $2.00 prepaid.

ELLEN E. KELLEY. (Alexander.) New Duplex Seedling. A long-stemmed free-flowering golden-yellow variety. This variety is highly recommended, having all the good qualities of the Dahlia. 50 cents.

IMPROVED GERMANIA. (Alexander.) New Duplex Seedling. (See illustration on this page.) A rich deep scarlet-red, very brilliant and showy, and producing their blossoms early and abundantly. Highly recommended. 50 cents.

MARY HOUGHTON. (Alexander.) New Fragrant Duplex Dahlia. The color is a light mallow-purple with a ring of waxy cadmium-yellow around the golden-yellow center, the reverse of petals being a beautiful rhodamine-purple. 50 cents.

OSCEOLA. (Alexander.) New Seedling. The plants are tall and sturdy growers, producing their blossoms on long stems. In color, a bright carmine, with a ring of golden-yellow at the center. 25 cents.

PHENOMENE. Beautiful French Duplex Dahlia. The color is an exquisite salmon shade, suffused light amber. 25 cents.

This Beautiful Collection of Four Dahlias

Mrs. I. de Ver Warner $2.00 Pride of California $1.00
Mrs. Carl Salbach 1.00 Snowdrift 1.00

(See front cover)

All for $4.50 Prepaid
Decorative Dahlias

The Decorative Dahlia is the pride of all Dahlias, standing out pre-eminently. In the garden the plants are strong, strudy, vigorous growers, with heavy, dark green foliage and a remarkable constitution. The blossoms are produced in giant profusion, which is exceptional for a type of giant-flowering Dahlias. For cut-flower purposes they are unsurpassed, having long, straight stems of wiry stiffness, and producing their flowers in a pleasing, upright manner; then principally their lasting qualities when cut — they are unequalled, lasting longer than any of the other types. As an exhibition flower the Decorative Dahlia is the most gigantic of all Dahlia blossoms having beauty, substance, quality — all essential characteristics of a true "Model of Perfection." As a decorative flower they are first in every respect: being graceful, adapted to designs, and most artistic.

The blossoms of the Decorative Dahlias are large, flat, but beautiful in shape, and full to the center: the petals are somewhat irregularly situated, long, broad, flat and nearly straight.

Up-to-Date Varieties

This collection of 43 Gigantic New Decorative Dahlias prepaid for $90.00.
An unusually good collection, and one sure to give satisfaction.

ALADDIN. A huge shaggy flower, petals long and fluffy, of a beautiful rose-red color. Extra fine flower. $1.00.

AMUN RA. An immense decorative. The outer petals of the mammoth blooms are of gorgeous shades of copper and orange, shading to gold and amber. $2.00.

BEN WILSON. Very large flower, orange-red tipped with gold. Very attractive as a garden plant. $1.50.

BONNIE BRAE. Cream shaded to blush-pink. The flowers are of a true decorative form of immense size. $1.00.

CAROLYN WINTJEN. A very beautiful salmon-pink with rose shadings. Very large flower with a good stem. $1.00.

CATHERINE WILCOX. (Dec.) White with points of pink, tipped with apricot. A very strong grower and free bloomer. $1.50.

CHAMPAGNE. An immense flower. The color is a delightful warm autumn shade. Very free bloomer, and has long rigid stems. $2.00.

DARLENE. (Alexander.) Delicate New Decorative Seedling. An exquisite shade of live shell-pink with a dainty blending of white at center. The foliage is a heavy, deep green, a perfect contrast with the pink-and-white blossoms. Unquestionably the finest pink-and-white Decorative Dahlia to date. $1.00.

EL DORADO. Vivid gold coloring, which is emphasized by the base of the petals. Extra fine flower and a good stem. $5.00.

E. T. BEDFORD. (Dec.) A purple shade hard to describe, exhibition flower. $3.00.

GEN. APPLETON. (Remster.) Introduced in 1923 for the first time. A very large, perfectly clear yellow of the Hybrid Decorative type, the ends of the petals being slightly pointed. Fine, long stems and a very free bloomer. (See inside front cover.) $1.00.

GEN. JOFFRE. (Rozain-Boucherat.) The well-known French variety, pink, shaded white. $1.00.

GEORGE H. CARR. The color is a peculiar shade of magenta shading lighter at tips. Free-flowering. $1.00.

GLORY OF NEW HAVEN. (Slocombe.) A seedling from "Mildred Slocombe," this being large and more beautiful in color. A beautiful shade of pinkish-mauve. The nearest to lavender to my knowledge in desirable Decorative Dahlias. Plants are tall robust growers and produce large flowers. Indispensable for exhibition purposes. $1.00.

JERSEY'S KING. The color is Carmine, the flowers are very large and exceptionally fine. $2.00.

JERSEY'S PRIDE. The flowers are large and are a fine blending of yellow, amber and pink and are borne on long straight stems, well above the foliage. Very large flowering and exceptionally fine. $2.00.

JUDGE ALTON PARKER. A wonderful shade of golden-buff. A wonderful exhibition variety, grown freely on long erect stems. $2.00.

JUDGE MAREAN. A blending of salmon-pink, red, orange, yellow and pure gold. Very large flowers borne on strong stiff stems. Very free-flowering. $2.00.

JUNIOR. An enormous flower, one of the largest Dahlias grown. A pure lavender. Fine for exhibition purposes. $2.00.

LAKE ERIE. One of the deepest lavender Dahlias grown. Fine exhibition flower. $3.00.

LAVENDERA. A lavender-pink shading to white in the center. Large and free-flowering. $1.50.

MEMENTHOPE. A very large flower and are a deep ruby-red, with a small golden-yellow point at the ends of the petals. A very fine Dahlia. $2.00.

MILLIONAIRE. (Stillman.) Gold Medal Dahlia of daintiest colorings. Most delicate lavender with faint pink cast overshadowing it, the whole having a blending of white. One of the best known lavender pink Dahlias, an immense flower, that attracts considerable attention on the exhibition table. Plants are very dwarf, so it is not recommended as a cut-flower variety. Flowers from six to nine inches in diameter. Recommended for exhibition purposes. $1.00.

MR. ALEX. WALDIE. One of the most beautiful Dahlias. A creamy ground overlaid with delicate salmon-pink. Gives immense flowers held erect on strong stems. $2.00.

MRS. CALVIN COOLIDGE, P. F. Mauve-pink, one of the largest of this variety grown; free bloomer and a good stem. $5.00.

MRS. CROWLEY. A glowing shade of salmon-pink, with yellow at base of petals. $3.00.

MRS. CARL SALBACH. (Salbach) A sensational Decorative Dahlia of great size. In color, a mauve-pink, with occasional blendings of white; the general impression being pink. For exhibition purposes this new creation is very desirable. $1.00.

MRS. I. DE VER WARNER. Deep mauve-pink. One of the very best Dahlias grown. Long stiff stems and excellent for cut-flowers. $2.00.

MRS. EDITH W. HAYWARD. (Dec.) Light yellow, good stem, very free bloomer. $5.00.

MRS. J. C. HART. Rich scarlet-red without any shadings. $1.00.

N. C. 4. A very beautiful flower. The color is about equally divided with scarlet and white, the florets are more or less striped the whole length with yellow and white, reverse side of petals are white with yellow shadings. $1.00.

OUR COUNTRY. (Dec.) Flowers large on long stems, are good. $1.00.

PAUL MICHAEL. An immense flower of bright apricot with bronze shadings. Good stems and excellent for exhibition purposes. $2.00.

PRIDE OF CALIFORNIA. (Lohrman) Called the "American Beauty" Dahlia. Winner of Gold and Silver Medals. Huge crimson red flowers produced on long straight stems. $1.00.
Up-to-Date Decorative Dahlias—Continued

SNOWDRIFT. (Broomall.) A giant, clear white. The flower has good depth with broad waxy petals of the true decorative type. $1.00.

ST. FRANCIS. Soft cream shading to pink. An immense flower, and good for any occasion, has a good stiff stem. $3.00.

THE GRIZZLY. (Burns.) A prize winning California Dahlia. A dark maroon-red with stems three feet long. The flowers are large with reflexed petals and stand well above the foliage, making a fine effect in the garden. $1.00.

THE EMPEROR. (Dec.) Beautiful deep maroon of immense size, long flat petals. $3.50.

TRYPHONE. (Dec.) Bright pink, shading lighter at tips of petals, base a golden yellow. $1.50.

W. D'ARCY RYAN. (Dec.) Violet purple, heavily tipped white. $1.00.

WIZARD OF OZ. One of the finest Dahlias in existence. The color is a rare shade of glowing amber-pink. $5.00.

WORLD'S WONDER. (Stillman.) The color is a golden-salmon with a very large, deep, full flower on a rather dwarf growing plant. The stems are long and stiff. A profuse bloomer. $1.00.

WM. H. SLOCOMBE. (Slocombe.) The largest and best pale yellow Decorative to my knowledge. A clear sulphur yellow passing to maritius yellow at tips. Flowers of gigantic size, from six to eight inches in diameter under ordinary conditions. $2.00.

General List of Decorative Dahlias

I will ship this collection of 31 Decorative Dahlias prepaid for $10.00.

CLARABEL. Color, rich, rosy purple. 25 cents.

CLIFFORD W. BRUTON. A large canary-yellow. 25 cents.

DELICE. The finest and brightest pink Decorative Dahlia in existence. A charming bright pink. 35 cents.

DOLLY or SYLVIA. White edged pink. 25 cents.

DR. THURMAN. An exquisite combination of coloring, the clear yellow of each petal being very delicately suffused with copper tints. An extra fine Dahlia. 50 cents.

EASTON. Not extra large, but a variety of brilliant color, good form and remarkably free flowering habit. In color, a brilliant Turkish red. 35 cents.

FRANK A. WALKER. (See Illustration page 31.) Alexander's Decorative Seedling. Expressly named for Mr. Frank A. Walker, of Stoneham, Mass. A charming shade of deep lavender-pink. For garden decoration or for cut flowers this variety is exceptionally good, having long stems and producing flowers in great abundance. 35 cents.

FRAU GEHEIMRAT SCHEIFF. New German Decorative Dahlia. An exquisite blending of apricot-orange and yellow. With reverse of petals coral red, the unopened central and twisted petals showing the coral red prominently, making a very unusual and attractive flower. $1.00.

FREDERICK SPITTEL. Color, vermillion scarlet, on tipped white. 25 cents.

H. MAIER. A very large California production of the greatest merit. Of a shade a little darker than primrose-yellow, each petal is slightly flecked carmine. A very fine yellow Decorative. 50 cents.

JACK ROSE. (Peacock.) The Identical shade of the rose with the same name. Free-flowering. 25 cents.

JEANNE CHARMET. (Charmet.) The color is a most exquisite shade of lilac-pink, daintily shading to pure white towards the center. 50 cents.

LE GRAND MANIOTU. (Rivière.) The color of this superb variety is pure white artistically striped, splashed and blotched deep violet-purple. The plants occasionally bear a solid purple-colored flower. 50 cents.

LYNDHURST. Brightest vermilion: the best bright red for cutting. An early, free bloomer, with long, straight stems. 25 cents.

MADONNA. An excellent cut-flower variety, and one of the most satisfactory in the garden. The flowers are borne upon long graceful stems of wry stiffness. In color a very beautiful white, very slightly tinted with a most delicate shade of lavender-pink. $50 cents.

MAID OF KENT. Rich cherry-red splashed and blotched pure white. A variety of Dahlia. 25 cents.

MINA BURGLE. (Burgl.) A seedling named and originated by Mr. Burgle, a California Dahlia lover. Color, a glowing and most brilliant scarlet. The flowers are of perfect Decorative type and are borne upon long, wiry stems well above the foliage. Attracts universal attention. 50 cents.

MINOS. The color is intense velvety maroon, almost black. An ideal cut-flower variety. Fine for all uses. 25 cents.

MME. VICTOR VASSIER. The grandest clear sulphur-pink Decorative to date. 35 cents.

MRS. HARTONG. Deep orange, tipped pinkish-white. 25 cents.

PINK J ACK ROSE. Identical with the well known variety, Jack Rose, excepting in color, which is clear pink. 35 cents.

PRINCE OF ORANGE. A novel combination of orange and yellow shades. 25 cents.

ORA DOW. A beautiful velvety maroon, effectively tipped white. 25 cents.

PRINCESS JULIANA. (Hornaveld.) Splendid Holland Decorative Dahlia. It is perfect as an exhibition flower, ideal for garden decoration. The best white Decorative Dahlia for cut-flower purposes, and also the best flowering. 35 cents.

PROGRESS. A clear lavender, with stripes and blotches of soft crimson, through each petal. 25 cents.

QUEEN MARY. (Peacock.) This is a stronger grower than Delice. A large flower with full, rounded center. The color is a soft shade of pink. 35 cents.

SOUVENIR DE GUSTAVE DOAZON. (Bruant.) The color is a pleasing shade of orange-red. The plant is a very tall, vigorous grower, glossy green foliage. Very long stems. 35 cents.

WILHELM MILLER. Very brilliant purple. This is a fine variety. 25 cents.

WM. AGNEW. Intense glistening scarlet-crimson. This variety is a rapid grower and one that always gives good satisfaction. 25 cents.

YELLOW MOLS. LE NORMAND. (Charmet.) Giant French Decorative Dahlia. In color a rich golden-yellow, with occasional reddish markings. One of the most satisfactory garden varieties and equally good as an exhibition sort. $1.00.
BRIDE’S BOUQUET (Hybrid.)
An ideal white cactus and profuse bloomer.
$1.00 each; $10.00 per dozen.
(See page 11)

SPECIAL COLLECTIONS
These are all extra fine varieties and are sure to please any one who is looking for something worth trying out. These are sure to satisfy the most critical garden expert.

A. D. Livoni, (Show.) Soft pink. 25 cents.
Achievement, (Col.) Crimson and white. 25 cents.
Eureka, (Cac.) Crimson-purple. 25 cents.
Imperial, (Show.) Purple-maroon. 25 cents.
Jack Rose, (Dec.) Jack rose shade. 25 cents.
Libelle, (Cac.) Rose-purple. 25 cents.
Mrs. Bowen Tufts, (Peo.) Rosy-purple. 25 cents.
Mrs. M. W. Crowell, (Peo.) Orange-yellow 25 cents.
Ora Dow, (Dec.) Velvety maroon, tipped white. 25 cents.
Rose pink, (Century.) Sin. Pink. 25 cents.
Storm King, (Show.) Pure white. 25 cents.
Vivian, (Show.) White edged rose-violet. 25 cents.
Hybrid Show or Colossal Dahlias

This type of Dahlia has characteristics of both the Decorative and Show types.

The flowers are fully double, broadly hemispherical to flatly globular in form, loosely built so spiral arrangement of florets is not immediately evident; floral rays broad, heavy, cupped or quilled, with rounded tips and involute margins.

I will ship the collection of 8 varieties prepaid for $4.00.

AMERICAN BEAUTY. The flowers are of gigantic size and are produced on long, heavy stems, well above the foliage. The color of this acquisition is a gorgeous wine-crimson. 35 cents.

BONNIE BLUES. The nearest blue of any Dahlia. 50 cents.

CLARA SEATON, S. Rich golden-bronze. A very large bloom of perfect form on long stems. 50 cents.

DREER'S WHITE. (Dreer.) Color, a pure, glistening white. Unquestionably the most valuable snow-white variety in existence. 50 cents.

D. M. MOORE. (Wilmore.) In this offering we have one of the best "nearly black" varieties to date. It is a rich, deep, velvety Victoria-lake, which is a shade deeper than deep maroon. Has long, stiff stems. 50 cents.

MARGARET SALTUS. The flowers are very large and of that exquisite shade of pink that has made A. D. Livoni famous. It is a strong grower, producing an abundance of blooms from early summer to frost. The stems are long and erect. $1.00.

SANTA CRUZ. The coloring of this variety is exceedingly wonderful—an exquisite deep lemon-yellow, artistically overlaid and blending a novel shade of salmon-pink. Exceptionally large and free-flowering. $1.00.

YELLOW DUKE. A splendid primrose-yellow of good form. 35 cents.

SANTA CRUZ

$1.00 each
10.00 per dozen.
Show and Fancy Dahlias

This Grand Collection of Show and Fancy Dahlias includes introductions from all over the world as well as some of the choicest seedlings of my own introduction. This type includes the globular or ball-shaped Dahlias, full to the center, showing regular arrangement of florets; floral rays more or less quilled or with markedly involute margins and rounded tips.

I will send this superb collection of 39 Giant-flowering Show Dahlias, prepaid for $10.00.

HENRY GLASSCOCK. (Keynes.) Deep lilac, striped purple. 50 cents.
IMPERIAL. (Keynes.) Deep purplish-maroon. 25 cents.
JAMES VICK. (Keynes.) Purple-crimson. 35 cents.
JOHN THORP. Pink, slightly tinged white at base. Good size. 25 cents.
LES AMOURS DE MADAME. Delicate pale rose, striped scarlet. 50 cents.
LUCY FAUCETT. Pale yellow, striped deep pink or light magenta. Very large and free-flowering. 35 cents.
LYDIA. An ideal flower; color, vermilion-scarlet. 25 cents.
M. AUGUSTA LEMAIRE. Pale yellow, heavily striped maroon. Very odd. Large. 25 cents.
MAUDE ADAMS. (Alexander.) Ideal New Show Dahlia. The color is a pure snowy white, very effectually overlaid clear delicate pink. 50 cents.
MAYOR DUNN. New Show Dahlia. A beautiful clear scarlet flower. Remarkably free bloomer and very showy. 35 cents.
MISS HELEN HOLLIS. (Alexander.) (See illustration, this page.) Gigantic Scarlet Show Dahlia. Deep scarlet. Blossoms are on long, stiff stems, well above the foliage. 50 cents.
M. SOMERS. A beautiful clear purple. Large. 25 cents.
MRS. LANGTRY. Deep cream, deeply tipped magenta. Long stems and good habit. 25 cents.
NORMA. Flowers are large, perfectly quilled and of a most exquisite shade of live, bright orange. The blossoms are produced in remarkable profusion. 35 cents.
PERFECTION. (Fellowes.) Orange-buff shades. This variety is properly named. 25 cents.
POLLY SANDALL. A novel combination of bronze yellow, veined and blotched pinkish-white. 35 cents.
PRINCESS VICTORIA. Pure canary yellow. Long stems, perfect form and free bloomer. 25 cents.
PRINCE BISMARCK. (Fellowes.) Deep purple. Large, perfect flower of fine form. 25 cents.
PURPLE GEM. Deep purple, distinct. 25 cents.
RED HUSSAR. A clear, cardinal red, good stems and a free bloomer. 25 cents.
ROBERT BROOMFIELD. Pure white. Tall grower. 25 cents.
ROBERT MANTELL. Deep crimson. One of the very best. 35 cents.
ROSE. (Alexander.) Color, an exceptionally deep rose shade. Flowers carried erect upon extra long stems. Exceedingly free-flowering. 35 cents.

Miss Helen Hollis. (For description see this page.) Show Dahlia 50 cents each.

ARTHUR LEFAVOUR. Color a beautiful sulphur-yellow, lined, striped and speckled deep, gorgeous crimson. 50 cents.
ALICE EMILY. Orange-yellow. Large and fine. 25 cents.
ARABELLA. Sulphur-yellow, tipped pinkish-white. 25 cents.
AUGUS MEGAR. New Show Dahlia. The largest and finest lavender-purple Show Dahlia. Tall and sturdy. 50 cents.
DAVID WARFIELD. Beautiful deep cherry-red. Producing its mammoth flowers upon stiff, wiry stems, well above the foliage. 50 cents.
DIAMANT. Pure white. 25 cents.
DOROTHY PEACOCK. (Peacock.) The color is that beautiful, clear, live pink that appeals to everyone. 50 cents.
GLOBE DE NANTES. Bright scarlet; a perfect model. 25 cents.
Show and Fancy Dahlias—Continued

SOUVENIR DE POESELA. Ideal New Fancy Dahlia. Golden yellow, changing to red. 35 cents.

STORM KING. Color, a pure white. Flowers produced on good stems, well above the foliage. Free-flowering. 25 cents.

VIVIAN. (Alexander.) (See illustration this page.) A wonderful flower, the color being white, effectively edged rose-violet. One of our champions and a variety worthy of the highest words of praise. 25 cents.

UNCERTAINTY. A brilliant combination of very light shell pink and scarlet. No two flowers are the same. 25 cents.

WHITE SWAN. Pearly white. 25 cents.

VIVIAN Pompon Dahlias

The Pompon Dahlias are the finest for cut flowers; they bloom more freely than any of the other classes. The flowers are small, compact, less than two inches in diameter, full to the center, and are produced upon long, wiry stems. Extra fine for bouquets. I have won more first prizes on this class of Dahlias than any other competitor in the U. S. A.

This collection of 20 Pompon Dahlias, I will send for $6.00 prepaid.

AMBER QUEEN. Rich, clear amber, shaded apricot. 25 cents.
ARIEL. Orange-buff. 25 cents.
BRUNETTE. Crimson, blotched white. 35 cents.
CATHERINE. Bright yellow. 35 cents.
CLARA HARSH. Perfect blooms of yellow; tipped with crimson. 50 cents.
FASCINATION. Pink and lavender, blotched white. 35 cents.
FASHION. Orange, fine. 25 cents.
GANYMEDA. Amber, tinted lilac, a novel and distinct variety. 50 cents.
GUIDING STAR. White, quilled petals. 25 cents.
GOLDEN QUEEN. (Alexander.) The most perfect yellow Pompon to date. 35 cents.
LITTLE BEAUTY. (Pom.) Soft pink. 35 cents.
LITTLE JENNIE. Primrose-yellow. 25 cents.
MADELINE. Pale primrose, edged with rose-purple. Very free. 35 cents.
MIDGET. Salmon, edged pink. 50 cents.
PRINCE CHARMING. Cream, tipped purple. One of the best. 25 cents.
PURE LOVE. Lilac. 25 cents.
RAPHAEL. Very dark maroon of extra fine form. 35 cents.
ROSEBUD. White, edged bright rosy pink. Very pretty and free. 35 cents.
SAN TOY. White, very heavily tipped carmine. 50 cents.
SNOW CLAD. Small white. Free. 35 cents.
Single Dahlias

These have become extremely popular and we really think they deserve it. Because of their simplicity and grace, these effective varieties are making wonderful progress among the flower-loving public. The flowers appear early and late in miraculous profusion, making an ideal flower for the garden and home.

Single Dahlias are open centered, small to very large, with eight floral rays, more or less in one circle, margins often decurved.

General List of Single Dahlias

This entire collection of 42 varieties $10.00 prepaid.

**ADVENTURE.** (Alexander.) A most pleasing shade of pinkish-crimson, striped and splashed maroon. 25 cents.

**ALVA.** One of the most beautiful of the striped varieties. Yellow, speckled and tipped with pink. 25 cents.

**AUBRIGHT BEAUTY.** A seedling named and originated by one of my customers and through his kindness I have the pleasure of introducing it. A pure, waxy white variety. 25 cents.

**BLANCHE.** (Alexander.) The flowers are large and very attractive, being a pale yellow at the base, faintly tipped pink, with a tinge of pure white over the whole flower. 25 cents.

**CARDINAL CENTURY.** (Peacock.) Rich cardinal. One of the best in form and color. 25 cents.

**CLOTH OF GOLD.** Light yellow, long stems, early, free-flowering. 35 cents.

**DAUNTLESS.** Alternating in color from silvery pink to deep rose and elegantly striped crimson-maroon. 25 cents.

**ECKFORD CENTURY.** (Peacock.) One of the largest of the single varieties. Pure white, streaked and dotted purple-crimson. 35 cents.

**ELITE.** A pure white with long, narrow petals. A very attractive flower. 25 cents.

**EMPRESS.** A lovely shade of rose-pink; large and beautiful. 25 cents.

**FEDORA.** Large, bright yellow heavily tipped bright red. 25 cents.

**FLORENCE DARE.** Deep rose-pink, with a purplish tinge, striped crimson. A large flower with long, rather narrow petals, slightly twisted. 25 cents.

**G. E. VARNUM.** Deep red, tipped lighter. 25 cents.

**GLOWING GEM.** (Alexander.) A splendid flower with perfectly gorgeous coloring, being rich, deep crimson. 25 cents.

**GRACIE.** Delicate blush-pink, a fine bloomer. 25 cents.

**HELVETIA.** New Holland Single Dahlia. (See illustration this page.) It has a very unusual combination of colors, each flower coming quite similar, which is exceptional for a variegated variety. Pure white, each petal edged or bordered a brilliant rich scarlet-red. 50 cents.

**HIAWATHA.** (Alexander.) Giant Single Seedling. The plant is tall, sturdy, of pleasing upright growth, and a gorgeous dark, velvety maroon in color. One of the most satisfactory Single Dahlias. 35 cents.

**JOHN COWAN.** Soft crimson, shaded maroon. 25 cents.

**LADY OF THE LAKE.** (Alexander.) New Single Seedling. Large brick-red with yellow ring at the center. One of the most satisfactory varieties. 50 cents.

**MARGARET PERKINS.** Pure white with about one half of each petal tipped with bright cerise-pink, becoming a clear cerise-pink late in the season. Very large and a fine bloomer. 35 cents.

**MARIE ANTOINETTE.** Pure white with the center of each petal heavily splashed with brilliant velvety crimson; a large flower borne on stems from 18 inches to 2 feet in length. 50 cents.

**MAN FRIDAY.** Deep maroon. 25 cents.

**MR. FRANK 1. SHOREY.** (Alexander.) The coloring is most fascinating and delightful, being a beautiful waxy white, effectively veined and shaded delicate pinkish lavender. 35 cents.

**NEWPORT WINNER.** A large crimson flower of the best size and form. 25 cents.

**NIPINITIC.** (Alexander.) New Single Seedling. A very large purple-crimson flower, produced in great profusion upon tall sturdy plants. 35 cents.

**PAINTED BEAUTY.** Garnet, striped deep maroon and tipped white. A striking flower. 25 cents.

**PROSPERITY.** (Alexander.) Light center very heavily tipped rose-purple. 25 cents.

**ROSE PINK CENTURY.** (Peacock.) A rose-pink shaded. A very large variety and without doubt the best of its color. 25 cents.

---

Helvetia — Single Dahlia. 50 cents, each; $5.00 per dozen. (For description see this page.)
General List of Single Dahlias—Continued

SADIE. (Alexander.) Color, a beautiful pink, neatly striped and speckled maroon. 25 cents.

SIREN. (Alexander.) Crushed strawberry, crimson and yellow. 25 cents.

Collarette Dahlias

French specialists have given us the beautiful Collarette Dahlia, an entirely new type, which has wonderful flowers and delightful color combinations. These have been shown extensively the last few years at the European Dahlia Shows, where they met with great favor, and we feel confident that they will meet with the same approval here.

The flowers are single, with an additional row of short petals around the disc, which forms a frill or collar, usually of a different color from the rest of the flower.

Select List of Collarette Dahlias

This remarkable collection of 15 Novelty Collarette Dahlias, prepaid for $5.00.

ACHIEVEMENT. Alexander’s Wonderful Collarette Introduction. The flower is a clear, rich velvety maroon; collar, a beautiful snowy white, very daintily overlaid with a delicate shade of pinkish-crimson. 25 cents.

AMI CCHAT. (Rivoire.) French Collarette Dahlia. Orange-red, yellow collarette. 35 cents.

AMI NONIN. (Charmet.) Gigantic French Collarette Dahlia. Dark crimson-carmine edged with lilac; white collarette. 50 cents.

ARIA. White heavily overlaid deep rhodamine purple. Collar, pure white, perfectly arranged and very prominent. $1.00.

DIRECTEUR RENE GERARD. Gigantic French Collarette Dahlia. Beautiful violet-purple, shaded and tipped white; white collarette. Exceptionally large flowers produced in great profusion. 25 cents.

EXPOSITION DE LYON. (Rivoire.) Ideal French Collarette Dahlia. A very gay flower of bright garnet, with exceptionally fine yellow tips; white collarette, daintily suffused lavender and overlaid crimson. 25 cents.

GALLIA. (Rivoire.) French Collarette Dahlia. Carmine-red, edged primrose; sulphur-yellow collarette. 35 cents. (Continued on page 26.)
ACHIEVEMENT. The Largest Collarette Dahlia Grown
(For description see page 24)
25 cents each; $2.50 per dozen.
Select List of Collarette Dahlias—Continued

JUPITER. Primrose-yellow, suffused crimson; sulphur-yellow collarette. 25 cents.
LEUCHTFEUER. Golden-yellow, tinged orange-red, with sulphur-yellow collar. 35 cents.
MAURICE RIVOIRE. (Rivoire.) Wonderful French Collarette Dahlia. The flower is a gorgeous, rich crimson with pure white collarette of short, well formed petals, perfectly arranged around the rich golden-yellow center. 25 cents.
NEGRO. Very dark maroon, white collarette. 50 cents.

ORPHEE. (Rivoire.) Bright orange-red; golden-orange collarette. 35 cents.
SIGNORINA ROSA ESENGRINI. (Rivoire.) French Collarette Dahlia. Lemon-yellow marked with orange-scarlet; lemon-yellow collarette. 35 cents.
SOUVENIR DE CHABANNE. (Rivoire.) First-class French Collarette Dahlia. Lemon-yellow with coral-red markings; collarette petals very abundant, lemon-yellow, tipped white. 35 cents.
VIRGINIA LEE. (Alexander.) In color, a deep velvety carmine, edged sulphur-yellow; collarette, pale sulphur-yellow. 50 cents.

Dahlias Which are Not Catalogued

If you are looking for varieties that are not catalogued it will pay you to write to me before ordering elsewhere as I carry a large list of un catalogued varieties; my stock being insufficient to warrant me to catalogue these varieties. I grow over 2500 varieties but must have over 100 clumps of a variety before I have sufficient to list herein. If you have any variety in mind that you do not see listed, I will be pleased to have you write me. If it is good I have it and will be pleased to quote you.

Dahlia Labels

Dahlia Labels, Painted, with Wires—3½ inch, iron wire, 75 cents per 100, prepaid; $3.00 per 1,000, prepaid. 3½-inch, copper wire, $1.00 per 100, prepaid; $4.00 per 1,000, prepaid.

Your Invitation

You are most cordially invited to visit my gardens during the flowering season while my Iris, Peonies, Phlox, Gladioli and Dahlias are in blossom, and I assure you a hearty welcome.

Iris are in blossom from June 1st to August 1st. Peonies from June 10th to July 10th. Phlox from July 1st to September 1st. Gladioli from August 1st until killed by frost. Dahlias from August 15th until killed by frost.

Imagine the pleasure in walking through my fifty-acre garden, where you can enjoy seeing 3,000 varieties of Dahlias, two acres of Peonies, 150,000 Gladioli, 100 varieties of Iris, and a select collection of Hardy Perennials that are favorites in the old-fashioned garden. In addition you will see my Ornamental Shrubs, Hedge Plants, etc.

Very cordially yours,

J. K. ALEXANDER,

THE DAHLIA KING East Bridgewater, Mass.

A FEW TESTIMONIALS

Sydney, Australia.,
May 7, 1924.

Mr. J. K. Alexander,
E. Bridgewater, Mass.
Dear Mr. Alexander:-
The dahlias and gladiola bulbs arrived in excellent condition after such a long voyage, and I want to thank you for the extra bulbs. They are certainly fine looking bulbs. I shall want many more another year.

Many thanks for your prompt service. I remain,
Most respectfully,
J. J. Mantell.

Mr. J. K. Alexander,
E. Bridgewater, Mass.
Dear Sir:-
Dahlias tubers arrived here yesterday in fine shape. Many thanks for them.

Very truly yours,
Mrs. R. B. W.

J. K. Alexander,
East Bridgewater, Mass.
Dear Sir:-
Received your bulbs and found them in first-class condition; am very well pleased with them.

Yours truly.
A. G.

East Greenbush, New York.
April 1, 1925.

Mr. J. K. Alexander,
E. Bridgewater, Mass.
Dear Sir:-

Gladioli

The Gladioli are without an equal either for bedding or borders. As a cut flower they are far superior to any other Summer bloomer, either for lasting qualities or for the various uses for which they can be employed. If planted by the last of May they will bloom by the first to the middle of August, if cared for properly.

The way to Plant — Dig the row or bed from 8 to 10 inches deep, then spread a liberal amount of good fertilizer in the bottom of the row or bed, then rake it in thoroughly before planting your bulbs; but if stable dressing is used it should be spaded in when the bed is first dug over. I find that hen dressing can be used, giving first-class results, if applied properly; but it must be put in the bottom of the drill or bed, then covered with fully an inch of soil before the bulbs are planted. The bulbs after being planted should then be covered from 4 to 6 inches deep. Just as soon as they show their heads through the ground, they should be cultivated. If this is continued once a week till they commence to flower, one will be sure of first-class results. After the bulbs have flowered, and the stalks commence to turn brown they should be harvested. Dig carefully and allow to dry thoroughly for ten days or two weeks before placing in cellar for Winter storage.

New and Choice Gladioli for 1926

This remarkable collection of 33 Phenomenal Gladioli prepaid for $10.00. 6 at dozen rates, 25 at 100 rates.

BERTRIX. Wonderful large white. 20 cents each; $2.00 per dozen.

CRIMSON GLOW. By far the finest of all large flowered, dark red or crimson, varieties, of branching habit, tall grower. While the individual flowers are very large they are exceptionally well placed and not coarse. Should be in every collection. 20 cents each; $2.00 per dozen.

DIANA. Very large crimson. Strong grower. 25 cents each; $2.50 per dozen.

E. J. SHAYLOR. (Kundred.) Tall, very strong plant and large blooms. A beautiful, pure deep rose-pink. Extra choice. 20 cents each; $2.00 per dozen.

EFFECTIVE. (Alexander.) New Gladioli Seedling. Color a very pale Naphthalene yellow, heavily overlaid bright Corinthian pink with a delicate silvery sheen. Three lower petals conspicuously blotched with a deep carmine red. An early bloomer. 50 cents each; $5.00 per dozen.

EMPERESS OF INDIA. A rich dark red; one of the best of recent novelties. 15 cents each; $1.50 per dozen.

EVELYN KIRTLAND. (Mrs. Austin.) Lustrous rose-pink, with delicate shading of lighter pink. Very tall graceful spike. 20 cents each, $2.00 per dozen; $15.00 per 100.

FLORA. Beautiful golden yellow. One of the new introductions which I consider one of the best yellows in existence. The flowers are well placed and very showy. 20 cents each; $2.00 per dozen.

GIANT WHITE. Large white with slight markings on lower petals. 20 cents each; $2.00 per dozen.

GRETCHEZ ZANG. Rose-pink shading into salmon. Tall spikes. 15 cents each; $1.50 per dozen.

GOLDEN MEASURE. Called by many the world’s best yellow. Exceedingly tall leaves and spikes, and is a large flowered wide opening golden-yellow. Only a few good yellows in existence as yet. $1.00 each, $10.00 a dozen.

HERADA. Destined to be one of the most popular varieties. No collection complete without it. Flowers of immense size on tall straight spikes. Massive in every way. The great blooms are pure mauve, glistening and clear, with markings deep in the throat. Unusual and attractive, stands without a peer in its color. 15 cents each; $1.50 per dozen.
Gladioli—Continued

L'IMMACULEE. Extra tall pure white. 25 cents each; $2.50 per dozen.

MARY PICKFORD. An extraordinary flower of most delicate creamy white color. Throat finest sulphur-yellow. Stem and calyx also white. No finer sort exists. 20 cents each; $2.00 per dozen.

MR. MARK. Light blue with darker spot. 20 cents each; $2.00 per dozen.

MRS. FREDERICK C. PETERS. A valuable seedling described by its originator as a beautiful shade of rose violet or lilac, with a crimson blotch on lower segment. Dark green foliage, strong spikes and many flowers open at one time. Late. 50 cents each; $5.00 per dozen.

MISS HELEN FRANKLIN. Large ruffled white, violet penciling on lower petals. 15 cents each; $1.50 per dozen.

MRS. DR. NORTON. White edged with soft La France pink, soft sulphur-red blotch on lower petals. 20 cents each; $2.00 per dozen.

MURIEL. Pale violet blue, strong spike. 50 cents each; $5.00 per dozen.

MISS SHIRLEY SHATTUCK. One of the best yellow grown with a deep bronze throat, with many flowers open at one time. 50 cents each; $5.00 per dozen.

NÉOGA. Dark garnet, semi-ruffled, dark foliage. One of the most striking dark shades. 20 cents each; $2.00 per dozen; $15.00 per 100.

ORANGE GLORY. Orange color, with lighter throat, very fine. 25 cents each; $2.50 per dozen.

PRIDE OF GOSHEN. Flesh pink with waved petals. 20 cents each; $2.00 per dozen.

PURPLE GLORY. The giant of the Kunderdi Glory race and of remarkable color. Deepest velvety maroon red, with almost black blotches, as if burned into the petals. Beautifully ruffled, and a most extraordinary variety. 50 cents each; $5.00 per dozen.

ROMANCE. Large orange salmon, overlaid rose, throat red and yellow. Petals bordered with wine blue. Very unusual and attractive. 50 cents each; $5.00 per dozen; $40.00 per 100.

ROSE ASH. Old rose, blended ashes of roses, creamy mark on lower petals. Tall grower and very attractive. 50 cents each; $5.00 per dozen.

ROSE GLORY. Purest rose-pink, deeper in throat, highly ruffled. 35 cents each; $3.50 per dozen.

SCARLET PRINCEPS. Large clear scarlet, very striking. 25 cents each; $2.50 per dozen.

VIOLET GLORY. Big wavy blooms of violet on a tall strong stem. Attractive. 25 cents each; $2.50 per dozen.

WHITE GLORY. Clear solid white, with Iris blue throat. 25 cents each; $2.50 per dozen.

YELLOW HAMMER. Soft creamy-yellow, solid color. 20 cents each; $2.00 per dozen.

SCARLET WONDER. This is without doubt the most beautiful scarlet variety yet introduced, has broad stalky dark green foliage, and compact truss of great rich velvety scarlet fiery crimson flowers. $1.00: $10.00 per doz.

Primulinus Hybrids

It is within this type of gladioli we find the most varied and beautiful tints—the reds, yellows, oranges, saffrons, pinks and some wonderful color combinations not found in the large flowering varieties. This type of gladioli is becoming very popular.

6 at dozen rates, 25 at 100 rates.

ALICE TIPLADY. Perhaps the most popular of the Primulinus type. Large bloom, orange saffron in color. Always in demand as a cut flower. 20 cents each; $2.00 a dozen.

GOLD DROP. Large bright yellow Prim., with lines pink on lower petals. 30 cents each; $3.00 per dozen.

MYRA. Deep salmon over yellow ground; yellow throat with pink lines. A new and giant-flowered variety. 20 cents each; $2.00 per dozen; $15.00 per 100.

The above six named Primulinus for $1.00 prepaid.

RAMONA. Dainty yellow, with deep golden yellow throat beautifully ruffled. 30 cents each; $3.00 per dozen; $22.00 per 100.

ROANKE. Large, rich yellow blooms obtained by crossing with Kunderdi Glory. 10 cents each; $1.00 per dozen; $7.00 per 100.

SWEET ORRA. Fine pale sulphur with rich pink lines in the throat; tall grower. 10 cents each; $3.00 per dozen; $7.00 per 100.

MIXED PRIMULINUS HYBRIDS. They are among the earliest of the Gladioli to blossom, flowering ten days to two weeks before most all other Gladioli. The upper petal droops, forming a "hood." The colors range from primrose-yellow to a beautiful rose. 10 cents each; 50 cents per dozen; $4.00 per 100; $30.00 per 1,000.
Standard Gladioli

I will ship this collection of 37 varieties for $5.00.
6 at dozen rates, 25 at 100 rates.

A Gladioli bed displaying one color is most effective. The Gladioli are ideal for massing, and add greatly to the surroundings.

AMERICA. (Banning.) Gigantic flowers of clear lavender-pink. 10 cents each; 75 cents per dozen. $5.00 per 100.

AEROPLANE. The color is a beautiful clear, deep pink, with an exquisite pure white throat. 35 cents each; $3.50 per dozen.

BARON J. HULOT. (Lemoine.) The finest blue to date. A rich deep color of indigo blue. 15 cents each; $1.00 per dozen; $7.50 per 100.

CHICAGO WHITE. The Early Snow-White. Extra early and a fine pure white. 10 cents each; $1.00 per dozen; $7.00 per 100.

CHOCOLATE DROP. Chocolate color, changing to lavender. 15 cents each; $1.50 per dozen; $8.00 per 100.

CRACKER JACK. (Cowee.) Large flowers of velvety dark red, throats spotted with yellow and dark maroon. 10 cents each; 75 cents per dozen; $5.00 per 100.

FAUST. A large, velvety, carmine-red. A very rich color and a long spike. 10 cents each; $1.00 per dozen.

GEO. F. ELCOCK. (Alexander.) Cream-white, effeectively overlaid with deep carmine. 25 cents each; $2.50 per dozen.

GLORY OF HOLLAND. White with slight tinge of pale pink, and antlers of delicate lavender. 10 cents each; $1.00 per dozen; $7.00 per 100.

GLOWIN GEM. (Alexander.) Color a beautiful, glistening carmine-red. The most prominent feature of this variety is its color, which attracts great attention. 5 cents each; 50 cents per dozen.

HALLEY. (De Ruyter.) Delightful salmon-rose with beautiful creamy blotch. Very large. 10 cents each; 75 cents per dozen; $5.00 per 100.

INDEPENDENCE. (Woodruff.) Rich, clear, deep pink, with throat markings of dark red. A very tall and strong grower, of great substance. One of the best for cutting. 10 cents each; 75 cents per dozen; $5.00 per 100.

ISA TINKHAM. (Alexander.) A very rich deep purple-crimson, a very popular shade. Flowers of magnificent substance, and produced on long spikes. 20 cents each; $2.00 per dozen.

LILY WHITE. Almost a pure white, reliable for early forcing. Six blooms open at a time. 15 cents each; $1.50 per dozen.

LE MARECHAL FOCH. One of the earliest and largest Gladioli grown. A charming shade of clear light pink without any shadings. 20 cents each; $2.00 per dozen.

MEADOWVALE. (Cowee.) One of the purest of whites without a shade of color except in the throat, where there is a touch of vivid crimson; the three lower petals have slight center markings of clear crimson pink. 10 cents each; 75 cents per dozen; $5.00 per 100.

MISS FLORA ASPRAGUE. (Alexander.) White overlaid salmon-pink; throat deep carmine-red. 20 cents each; $2.00 per dozen.

MRS. E. M. SMITH. (Alexander.) Deep pink with bright cherry throat; two lower petals edged primrose yellow. 10 cents each; 75 cents per dozen; $5.00 per 100.

MRS. FRANCIS KING. (Coburns.) A pleasing shade of light scarlet. Flowers are large. 10 cents each; 75 cents per dozen; $5.00 per 100.

MRS. FRANK PENDELTON, JR. The color is the most exquisite salmon-pink, with a very conspicuous blood-red blotch in the throat on the lower petals. 10 cents each; $1.00 per dozen; $7.50 per 100.

MRS. JOHN HAYS HAMMOND. (Alexander.) A beautiful begonia rose, blending to and streaked with a glowing velvety-carmine-red; throat Bmarya-yellow that is dotted and splashed a dull carmine-red. Gigantic flowers produced upon good sturdy plants. 50 cents each; $5.00 per 100.

MRS. WATT. (Chase.) In coloring, one of the most distinct of the Salmon-rose; very large. 15 cents each; $1.50 per dozen; $10.00 per 100.

MYRTLE. It is early flowering. The opening buds very closely resemble creamy-pink tinted rose-buds with slightly flaring petals. Clearest dainty rose-pink, softly dissolving into a throat of clear creamy-white. 15 cents each; $1.50 per dozen; $10.00 per 100.

PRINCE PINE. One of the best of the new reds; carmine-red with large, white blotch. Tall spike and prolific bloomer. 10 cents each; $1.00 per dozen.

PRINCE OF WALES. The color is a delicate coral-pink with practically no throat markings. 15 cents each; $1.50 per dozen.

NOVELTY. (Groff.) An exceedingly odd variety of light salmon color with orange-yellow throat, the whole being dotted and mottled with crimson. 10 cents each; 75 cents per dozen; $5.00 per 100.

NIAGARA. (Banning.) In color the flowers are a delightful cream shade, with the two lower petals daintily marked canary-yellow. The throat is attractively splashed with rich carmine. The stamens are purple and magenta. 10 cents each; $1.00 per dozen; $8.00 per 100.

PANAMA. (Banning.) A wonderful new Seeding from "America," which it resembles, but is a deeper pink. Flowers very large and spike long. 10 cents each; $1.00 per dozen; $8.00 per 100.

PEACE. (Groff.) The wide open flowers are of a glistening white, with an attractive narrow stripe of purple-pink-carmine through the center of each lower petal. This extra throat marking is not a detriment to its beauty but adds to its attractiveness. 10 cents each; $1.00 per dozen; $7.50 per 100.

PINK AUGUSTA. Deep pink, same form as Augusta. 10 cents each; 75 cents per dozen; $5.00 per 100.

PRESIDENT TAFT. (Stewart.) An exquisite variety of delicate salmon-pink, shaded darker at edge with deep crimson blotch in throat and an attractive deep blood-red, showing well around the throat petals. 25 cents each; $2.50 per dozen.

ROUGE TORCH. Large, creamy-white flowers, with a rouge torch-like tongue on the lower petals. 10 cents each; $1.00 per dozen; $8.00 per 100.

SCARSDALE. (Cowee.) A grand Gladiolus with large lavender-colored flowers, shaded beautiful dark rose; extra large spikes growing very erect. 10 cents each; 50 cents per dozen; $5.00 per 100.

SCHEWABEN. (Pfitzer.) A pure canary-yellow, shading to soft sulphur-yellow when opening; the deep golden-yellow center is blotted with brilliant brownish-carmine. Pallage is large and vigorous, of a beautiful dark green. 15 cents each; $1.50 per dozen; $12.00 per 100.

WOODROW. A very exquisite and attractive variety. Scarlet flower with deep yellow throat. 10 cents each; 75 cents per dozen; $5.00 per 100.

WILLBRINK. Large bloom of flesh pink, creamy-blotch on lower petals, the earliest light colored variety. 15 cents each; $1.50 per dozen.

WAR. (Groff.) A Giant Red Gladiolus. Largest of all Gladiolus, showing from 4 to 6 open flowers at one time. Deep blood-red, shading to crimson. 20 cents each; $2.00 per dozen.

J. K. Alexander, E. Bridgewater, Massachusetts Alexander’s Dahlia Gardens
Gladioli

If you have never planted any Gladioli begin this season and don’t miss trying one of these collections.

Any of the above varieties, 75 cents per dozen; $5.00 per 100. 5 each of the six above varieties, 30 bulbs for $2.00 prepaid.
Peonies

The Peonies are among the noblest and most magnificent of our herbaceous plants. They are the "Queen of Spring Flowers," and are well adapted for massing in beds, and particularly valuable for planting in groups throughout the perennial or shrubbery border, where their brilliant hues add beauty to the entire surroundings. Their requirements are so simple,—a good, rich, deep soil; they are perfectly hardy, and produce their wealth of flowers in great abundance.

**TIME TO PLANT:** Peonies may be planted with perfect safety any time from the middle of August till the ground freezes in the Fall, and in the early Spring until growth has advanced too far. September and October even as late as the ground is kept open is the best time, as they then make a root growth before Winter sets in, usually blooming the following Spring.

After being transplanted, Peonies will not produce typical blooms the first season, many fine double varieties throwing single or semi-double flowers, and it is not until the third year that the finest flowers are produced.

They will abundantly repay good care and nourishment; but they resent an over abundance of fresh manure too near the roots. Well decayed manure is far better. A division of the clumps at long intervals, when they become so crowded as to interfere with freedom of bloom; and the soil kept loose and free from weeds, is all that is necessary. Where grown for cut flowers, they should not be disturbed oftener than is necessary; where they are grown for the sale of roots, they may be divided every second or third year. Plant so the eyes will be from two to three inches below the surface. Lay roots flat. Do not stand them on ends.

**My prices are for good strong roots that, planted in the Fall, and given proper care, may reasonably be expected to bloom the following Spring. Varieties differ so greatly in habit that the expressions one-year and two-year, or the number of eyes, convey no meaning whatever; a strong root with one eye often being far better than a weak one with many. My prices are as low as the true varieties, and the size of the roots I send out will warrant. I grow and sell my own roots, and make no pretense of competing with those who have no stock of their own, but buy and sell indiscriminately.**

All Peonies shipped prepaid to any part of the world at prices given.
The Famous Hollis Peonies
One of each of the 16 varieties for $65.00 prepaid.

ADMIRAL DEWEY. (Hollis 1903.) Rose-pink, shaded heliotrope; large, high built flower. According to color chart, color red, center same as guards; fades silver tipped, linear petals concealed throughout bloom. Type, bomb. Form of bloom, globular compact. Fragrance pleasant. Blooming time mid-season. $5.00 each; $50.00 per dozen.

ADMIRAL TOGO. (Hollis 1907.) Deepest mahogany red, large, high built flower, luminous. According to color chart, all color effect, crimson carmine; guards clear, collar same as guards; center clear. Holds color well, no silver tip. Type of bloom semi-rose. Form of bloom flat, medium compact. Not entirely transformed. Plant medium tall, erect, compact. Blooming time mid-season. Medium to large size. $2.00 each; $20.00 per dozen. Recommended.

ATTRACTION. (Hollis 1906.) One of the very finest of the Japanese type termed “Wonderful Glowing Suns” as they are entirely distinct from the other types, most of them have cup shaped petals which surround a mass of petaloids or filamentous petals like. They are yet comparatively little known to the general public and mostly found in large collections of connoisseurs and Peony enthusiasts, where they awaken the admiration of all who behold them for the first time. Very large, medium compact, flat blossom. General impression, crimson-pink, with golden center, but according to color chart, the guards are clear tyrian rose, center same color as guards, tipped with yellow, which fades more quickly than guards. Pleasant fragrance. Growth strong and healthy. Plants erect, medium to tall. $2.00 each; $24.00 per dozen. Recommended.

FLASHLIGHT. (Hollis 1906.) A very large globular, medium compact to loose bloom of Japanese type. First impression, a crimson-pink with golden center. Not as dark a shade as “Attraction.” According to color chart, the total color effect is tyrian rose; guards have light streak, center clear. The center is amber yellow, shading pink at base. Compact, erect plants of medium height. Early bloomer. One of the best of this type. $5.00 each; $50.00 per dozen.

GEORGE HOLLIS. (Hollis 1907.) Large, globular rose type. Center is a pale rose-pink with lilac-white guards. Very late blooming. $5.00 each; $50.00 per dozen.

GEORGE WASHINGTON. (Hollis 1904.) A large flat, loose bloom of semi-rose type. One of the brightest light crimson-red varieties. Guards clear, collar same as guards; center clear, uniform color. Stamens intermingled with petals. Blooming time mid-season. Habit of plant, erect, medium, compact, medium height. Growth strong and healthy. A strikingly brilliant color that always attracts the attention of visitors. $2.00 each; $20.00 per dozen. Recommended.

GOLDMINE. (Hollis 1907.) Japanese type. Flat, loose, medium size. Guards tyrian rose, center same as guards, tipped golden yellow. Medium tall, erect variety of good habit. Mid-season. $5.00 each; $50.00 per dozen.

INNOCENCE. (Hollis 1904.) A medium sized flat compact Japanese type bloom. General impression, pale pink guard with golden center. According to color chart, lilac-rose; guards clear, center candy-yellow fading to cream-white, pale pink at base of blooms, shaded to pale lilac-pink, erect, tail, compact. Growth strong and healthy. Blooming time mid-season. $5.00 each; $50.00 per dozen.

JOHN HANCOCK. (Hollis 1907.) A very large globular semi-double flower. Its color is one not at all common in Peonies, total effect being bright rosy magenta, guards streaked light; center clear; secondary stamenoids absent. Bloom is very noticeably silver tipped. Fragrant. Blooming time mid-season. $5.00 each; $50.00 per dozen.

LOVELINESS. (Hollis 1907.) One of the best of the Hollis collection. Large, compact, flat, rose type. Hydrangea-pink changing to lilac-white. Strong stems and blooms in clusters. A remarkably fine variety. Certificate from Massachusetts Horticultural Society. $7.50 each; $75.00 per dozen.

LUCY E. HOLLIS. (Hollis 1907.) Large flat medium compact; rose type blossom. First impression, pale pink and white. According to color chart lilac-white, guards clear, collar same as guards; center slightly flecked scarlet; secondary stamenoids present. Center of bloom, collared, clear. Fragrant. Blooming time very late. Strong, healthy, drooping habit; plants of medium height. $5.00 each; $50.00 per dozen.

MARY A. LIVERMORE. (Hollis 1907.) One of the most beautiful of the rose type. A very large flat medium compact, not differentiated, and entirely transformed blossom. General impression rose-pink and white. Petals are a beautiful rose-pink, passing to silver and white at the tips. Fragrance pleasant. Blooming time mid-season to late. Plants are medium, compact, medium tall to tall, compact. Growth strong and healthy. Buds borne in clusters. Highly recommended. $5.00 each; $50.00 per dozen.

MARY BAKER EDDY. (Hollis.) Large, compact, globular rose type. Deep rose-pink with silvery tips. Plants of medium height, long, strong stems. Mid-season to late. Scarce. $10.00 each; $100.00 per dozen.

MAUD L. RICHARDSON. (Hollis.) Large, flat rose type. Pale lilac-rose, center lighter. Fragrant. Blooming time late. $5.00 each; $50.00 per dozen.

WELCOME GUEST. (Hollis 1904.) One of the very finest of the semi-double Peonies. A very large, loose, bright silvery-rose, fading to rose-white. Very strong and healthy, with long stem. Plant erect, tall and medium compact. Buds borne in clusters. Very pleasant fragrance. Mid-season. Highly recommended. $2.00 each; $20.00 per dozen.

ZEST. (Hollis.) A silvery shade of pink, very soft and very beautiful. The petals are long and loosely arranged. Both in color and form to this is a very charming variety. $5.00 each; $50.00 per dozen.
Rare and Selected Peonies

This collection of 38 Selected Peonies one of each for $50.00 prepaid.

ALEXANDER DUMAS. (See illustration.) (Guerin 1862.) Medium sized, light violet-rose crown; has creamy white collar of narrow petals, mingles with wide center petals; fragrant. Medium height, free-bloomer, early mid-season. Good cut flower variety. Recommended. 75 cents each; $1.50 per dozen.

AVALANCHE. (Crousse 1886.) Medium to large, fairly compact white crown type, flecked with carmine, with cream white collar. Collar well differentiated. Tuft of short, narrow, cream petals in center of bloom. Occasional carmine splash on outside of guards. Odor pleasant. Plant is a medium strong grower of fair habit. Free bloomer in clusters. Mid-season to late. $1.00 each; $10.00 per dozen.

AUGUSTIN D’HOUR. (Calot 1867.) Same as “Marechal Macmahon.” Large medium compact, showy, bomb type bloom, medium sized, pink; carmine red center. Faint violet-rose petal markings; flesh-white collar. According to color chart a sorbetine red. Mid-season. Medium tall. $1.00 each; $10.00 per dozen.

BARONESS SCHROEDER. (Kelway.) A very beautiful rose type bloom. Form of bloom, globular compact, not differentiated, not entirely transformed. Color, total effect, flesh-white fading to milk-white; guards clear; collar same as guards, center clear, pleasant fragrance. Mid-season. Tall erect strong grower. $2.00 each; $20.00 per dozen.

BEAUTE FRANCAISE. (Guerin 1850.) A good medium sized, compact, crown type. General impression, pink and white. According to color chart, pale lilac-rose and cream-white, with prominent carmine flecks on center petals. Strong vigorous plant of rather dwarf habit, strong in bloom to short stems. Odor pleasant. Blossoms mid-season. 50 cents each; $5.00 per dozen.

BERLIOS. (Crousse 1886.) A large very beautiful compact rose type blossom. A light carmine-rose or rose medium, tipped silver with golden yellow stamens concealed in bloom. Color is somewhat splashed on tips of petals fading to nearly white. Guards not differentiated, perfect rose type flower. Plant is a medium vigorous grower, stems good length and medium strong, good habit. Mid-season to late. Good showy variety. $2.00 each; $20.00 per dozen.

COURONNE D’OR. (Calot 1872.) Large full flower of pure white with a circle of golden stamens. A very beautiful variety and valuable as a cut flower. Late. $1.00 each; $10.00 per dozen.

CURIOSITY. (Dessert and Mechin, 1886.) Type, bloom anemone. Weak blooms nearly single while very strong ones may be semi-double. Form of bloom medium globular, compact. Differentiated. Color, total effect violet-red, guards clear, collar same as guards, center clear, with occasional yellow tips. Occasional wide petals appearing in center. Fragrance pleasant, one of the largest of the anemone type. Blooming time mid-season. Habit of plant, erect, tall, medium compact. Blooming habit free. $1.00 each; $10.00 per dozen.

DORCHESTER. (Richardson 1870.) Large, compact, rose type. Pale hydrangea-pink. Fragrant. Medium dwarf. Upright, free bloomer. $2.00 each; $20.00 per dozen.

DUC D’WELLINGTON. (Calot 1859.) Large bomb

Peony — Alexander Dumas. 75 cents each. (One-third actual size.)

type. White guards, and sulphur yellow center. One of the finest white varieties. Medium tall, vigorous grower, free-flowering. Very fragrant. Mid-season to late. 50 cents each; $5.00 per dozen.

DUCHESS DE NEMOURS. (Calot 1856.) Crown type, pure white in color, medium size and fragrant. Early. $1.00 each; $10.00 per dozen.

EDULIS SUPERBA. (Lemoine 1824.) The popular early "Decoration Day" Peony, which is masquerading under all of the following names: "Delia," "Edulis Odorato," "Rose Lilacina," "Mamie Cutler," "Sylvanus," "Glorie de Donai," "Pizano," "Early Rose," "Acanum," "Sainfoin," "Lilacina." Large, loose, flat crown type. Bright deep mauve-pink; color mixed with lilac. Large tuft of wide petals same color as guards, surrounding a few narrow petals in extreme center of bloom, prominent collar. Very fragrant. Free-flowering. 50 cents each; $5.00 per dozen.

FELIX CROUSSE. (Crousse 1881.) Large globular typical bomb type. First impression, brilliant red. According to color chart, tyrian rose. Same color throughout. Compact and globular when first opening; but opens out somewhat with age, exposing linear petals in extreme center of bloom. Odor pleasant. Strong, vigorous grower, with long stem, rather spreading habit, medium height. Free bloomer in clusters. Mid-season. $1.00 each; $10.00 per dozen. Recommended.

FESTIVA MAXIMA. (Miellez) 1851. Very large globular rose type. Pure white center, prominently flecked crimson; outer petals sometimes faint lilac-white on first opening. Very tall, strong vigorous grower. The most popular; white variety for cut flowers. $1.00 each; $10.00 per dozen. Recommended.
RARE AND SELECTED PEONIES—Continued

GOLDEN HARVEST. (Rosenfield 1900.) Bomb type. Guard petals lilac-rose, creamy-yellow collar. Blooms in mid-season. $1.00 each; $10.00 per dozen.

JUBILEE. (Pleas.) Unusually large, flat, compact rose type. Uniform blush-white, with fragrance. Very tall, erect strong grower. A very distinct variety, and one that has many enthusiastic admirers. Very scarce. $12.00 each.

KARL ROSENFIELD. (Rosenfield 1898.) A bright crimson-scarlet, high and built a first-class grower. Tall, strong grower. $3.00 each; $25.00 per dozen.

LA COQUETTE. (1861.) (See illustration, page 16.) Large, globular, high crown. Guards and crown light pink; collar rose-white, center fuchsia crimson. Strong, erect, medium height, free bloomer. Fragrant. Mid-season. $1.00 each; $7.50 per dozen.

LA ROSIERE. (Crousse 1888.) A dainty variety with semi-double white blooms having yellow tints like a tea rose. Foliage dark green and “crinkled.” Not large, but very charming. Mid-season. $1.00 each; $10.00 per dozen.

LA TITANIA. (Crousse 1872.) Synonym “Multicolore.” Very large, flat, semi-rose type flower. Lilac-white, outer petals striped with crimson. Fragrant. Tall, strong grower, and free bloomer. Late mid-season. Very attractive. $1.00 each; $10.00 per dozen.

LIBERTY. This is without doubt one of the best lovely rose-pink shades introduced. The flowers are very large, somewhat flat in appearance. Six to eight inches across, born on good strong stems, the color grows lighter with age. It is a very strong grower with heavy foliage. This should be in every collection. Mid-season. $2.00 each; $20.00 per dozen.

MME. CROUSSSE. (Crousse 1878.) A very large and beautiful pure white flower, sometimes showing a crimson fleck on a central petal. Extra-mid-season. $1.00 each; $10.00 per dozen.

MADAME CHAUMY. (Crousse 1867.) Medium size, globular, very compact, perfect rose type. Satiny rose-pink, or pale lilac-rose, with silver reflex, central petals slightly darker, flecked crimson occasionally. Free bloomer in clusters. Mid-season. 50 cents each; $5.00 per dozen.

MADAME DUCUL. (Mechin 1880.) Large, globular, typical bomb type, petals incurring somewhat resembling a rosy-red, uniform mid-season. Very scarce. $1.00 each; $10.00 per dozen.

MADAME EMILE GALLE. (Crousse 1881.) Large, flat rose type of a very delicate sea-shell pink in the center passing to a lighter shade. Late bloomer. An extra fine light variety. $1.00 each; $10.00 per dozen.

MADAME GEISSLER. (Crousse 1886.) Very large, compact, globular, imbricated, rose type. Violet-rose, tipped silver. Very fragrant, spreading habit. Mid-season. $3.00 each; $25.00 per dozen. Recommended.

MARIE STUART. (Calot 1856.) Crown type. First impression, white. Cream-white, with pale pink guard, center flecked crimson, all fading to white. Guard petals are well differentiated, thick collar of narrow yellowish petals, on young bloom. Good yearly variety. $1.00 each; $10.00 per dozen.

MILLAIS. Single flowers deep crimson with golden-yellow stamens. $1.00 each; $10.00 per dozen.

MONSIEUR BOUCHARLAT AINE. (Calot 1868.) Large, full, compact, semi-rose type. Uniform light violet-rose, with silvery reflex. Very strong erect grower, medium height, free bloomer. Mid-season to late. $1.00 each; $10.00 per dozen.

MONSIEUR DUPONT. (Calot 1872.) Large, flat semi-rose type bloom. Cream to milk-white, petals are intermixed with shades of development, but mostly concealed; petals streaked or splashed crimson. Odor pleasant. Free bloomer in clusters. Plant is a strong, tall grower, with a very stout stem, and upright habit. Mid-season to late. Very good. Similar to “Boule de Neige.” $1.00 each; $10.00 per dozen. Recommended.

MONSIEUR JULES ELIE. (Crousse 1888.) A very large, medium compact, rose type; lovely salmon-golden effect, pale lilac-rose, guards and center clear, collar tinted lighter than guards. A very attractive pink; base of collar petals amber-yellow. Fragrance very pleasant. A fine grower. $1.00 each; $10.00 per dozen. Highly recommended.

QUEEN VICTORIA. (Kelway.) Large, globular in form, medium loose, low crown. Milk-white guards, tinted flesh; center cream-white, with crimson flecks. Very fragrant. Medium height, strong, free-bloomer. Mid-season. Very popular, being one of the best white varieties. 50 cents each; $5.00 per dozen. Recommended.

ROSY DAWN. (Barr.) One of the largest Single Peonies, if not the largest. Snow-white flowers, tinged blush at first, resembling a great white water-lily. $3.00 each; $30.00 per dozen.

SARAH BERNHARDT. (Lemoine 1896.) A very large, beautiful flat, imbricated, compact semi-rose type blossom. Flowers of remarkable size and freshness in huge clusters, and of unusual perfection in form. First impression is an apple-blossom pink, with each petal silver tipped. According to color chart, a mauve-rose, guards carmine, center clear. Fragrant flowers. Mid-season. $7.50 each; $75.00 per dozen. Recommended. This variety should not be confused with Dessert’s “Sarah Bernhardt” so-called, as it is entirely different.

SIR THOMAS LIPTON. (Kelway.) Large, loose flat, semi-double flower. A uniform bright rose color, showing the golden-yellow stamens prominently in the center. Pleasant fragrance. Mid-season. Plants of medium height, strong, erect growth, producing their flowers abundantly. $1.00 each; $10.00 per dozen. Recommended.

THERESE. (Dessert 1904.) One of the finest Peonies grown. Very large, compact, rose type; violet-rose, lighter in center. Very free bloomer on strong erect stems. Mid-season. $7.50 each; $75.00 per dozen.

UMBELATA ROSEA. (Unknown.) Informal rose type. Guards violet-rose shading to amber-white center. Strong upright vigorous grower, the most popular. 75 cents each; $7.50 per dozen.

VENUS. (Kelway 1888) Rose type, almost white but tinged with shell-pink. Mid-season. Fragrant. Fine for cut flowers. $1.50 each; $15.00 per dozen.

A FEW TESTIMONIALS

Mr. J. K. Alexander
East Bridgewater, Mass.
June 19, 1925.

Dear Sir:

Just a few lines to let you know that my bulbs arrived in good condition. I hope I will have the same good luck as I had with your bulbs last year.

You will hear from me again next spring if nothing happens.

Yours very truly,

H. Klinger.

Mr. J. K. Alexander
East Bridgewater, Mass.
April 28, 1925.

Mr. J. K. Alexander
East Bridgewater, Mass.
Dear Sir:

Received my dahlia bulbs O. K. Thank you for the extra one. I had one like it before and lost it. It was beautiful.

Yours very truly,

Margaret Cairns.
Single Peonies

Single Peonies are becoming more and more popular each year, many people considering them more artistic and beautiful than the double ones. They are exceptionally attractive, and not at all common in the garden, making them especially desirable. They are very airy and stand out prominently, producing their blossoms in great abundance.

I have a very choice collection, principally seedlings, possessing the most delicate and rarest shades; but my stock is insufficient for me to offer them under names, therefore, I offer them under color, and at greatly reduced prices.

Mixed Peonies

Each season, in handling our Peonies, a small amount becomes mixed, many times the very choicest varieties. It does not prove worth while for me to plant these separately, to ascertain their names, so I am offering them at 35 cents each (3 for $1.00) as long as they last. This mixture is apt to include some of the best new creations not offered in my catalog; and includes both Double and Single varieties.

**SPECIAL PEONY OFFER:** To give you an opportunity to have a more complete and choice collection of Peonies, I am making the following offer:

I will ship you Three Choice Peonies for $5.00, transportation charges prepaid to any part of the United States or Canada. These to be three distinct varieties, that I can recommend to give satisfaction.

The Iris

Fleur de Lis or Iris Germanica

Familiar and well-beloved flowers of Spring. The purity of their beauty and their haunting fragrance is decidedly refreshing. The winsome, modest beauty of some, forming a striking contrast to their more glorious sisters arrayed in a sheen of iridescent splendor. They fairly outflannel the Orchid in the wide range of coloring, which includes yellows, from light canary to deep golden; blues, from soft lavender to intense purples; red, from pinkish mauve to claret and maroon; beautiful bronzes, and pure whites; while some varieties are marked and margined in exquisite harmony.

The Iris grows well in any kind of soil. Succeeds in partial shade but gives the most satisfactory results in well drained sunny location. Iris Germanicas are perfectly hardy and require only ordinary cultivation; growing luxuriantly, but respond quickly to any extra care, giving larger and more beautiful flowers. They should be planted in the Fall during August, September and October. Plant the bud or crown about two inches below the surface, hoe or cultivate frequently for best results.

In the following descriptions Standards signify the three standards (erect, or upright curling petals); Falls — the three falls, or drooping petals.

New and Rare Iris

This Collection of 10 New and Rare Iris $4.50

ALBERT VICTOR. Light hyssop violet, half veined brownish-purple; growth vigorous. 50 cents each; $5.00 per dozen.
ALCAZAR. Standards light bluish-violet. Falls brilliant purple. Orange beard. Stout. 50 cents each; $5.00 per dozen.
DR. BERNICE. Standards bronze-yellow. Falls maroon-red. 50 cents each; $5.00 per dozen.
HARVEY. Lemon-yellow with pearl shading. Huge flower. 50 cents each; $5.00 per dozen.
INGEBORG. Pure white. Large flowers of handsome form. 50 cents each; $5.00 per dozen.
MONSIGNOR. Standards violet. Falls heavily veined a deeper purple. 50 cents each; $5.00 per dozen.

This superb collection of twenty-four Wonderful Iris, prepaid to any part of the World for $7.00.

ASSENDUS. Standards, lavender-blue. Falls, same shade of blue but darker towards the tips, and with veining of dark red at the base. A very attractive blue. 25 cents.
ELIZABETH. Standards, pale lavender, darker in center. Falls, mauve, melting into pale blue. A very large, attractive flower. 25 cents each; $2.50 per dozen.
FLAVESCENS. Standards and Falls, a delicate shade of soft yellow. Very fragrant, fine for massing. 25 cents each; $2.50 per dozen.
FLORENTINA ALBA, Syn. SILVER KING. The finest white variety. Standards and Falls, porcelain, changing to pure white. Large and very fragrant. 25 cents each; $2.50 per dozen.
HERANT. Standards, beautiful lavender-blue. Falls blue. Very large and tall. 25 cents each; $2.50 per dozen. The finest of the blue shades.
HER MAJESTY. Very attractive on account of its rich and unusual color. Standards, heliotrope of tissue-like delicacy; inner petals straw and lavender; Falls, light mauve traced with white. A very fine, rich flower. 35 cents each; $3.50 per dozen.

IRIS KING
(For description see p. 38.)
Iris—Continued

HONORABILIS. The most popular of all Iris. Similar to Sans Souci. Standards, beautiful golden-yellow. Falls, rich mahogany-brown. Very effective. 25 cents each; $2.50 per dozen.

IRIS KING. Truly properly named, as this variety is a king among Iris. Standards rich golden-yellow with shades of fawn; Falls, deep eri nowne; all petals of peculiar velvetiness and superb coloring. A magnificent Iris. 50 cents each; $5.00 per dozen.

KHEDIVE. A beautiful soft lavender, with distinct orange beard. 25 cents each; $2.50 per dozen.

KOCHI. Standards and Falls effective rich purple. This is one of the choicest. 25 cents each; $2.50 per dozen.

KOENIG. Very similar to Honorabilis with golden yellow Standards and mahogany brown Falls. The Falls are darker than in Honorabilis. 25 cents each.

LOHENGRIN. Standards and Falls of catalyya-rose; one of the largest and best of the Iris to my knowledge, and without exception the finest lavender-pink shade. 50 cents each; $5.00 per dozen.

LORD SALISBURY. One of the finest for cutting, with stems 24 inches long. Standards, lavender shaded a smoky fawn; Falls, deep purple with a veining of white at the base. 50 cents each.

LORELEY. Splendid landscape variety, with lemon-yellow, sometimes splashed with purple. Standards and Falls ultra-marine blue bordered cream and viwed white. Mid-season. 35 cents each; $3.50 per dozen.

MRS. H. DARWIN. A pure white. Falls slightly reticulated violet. Very beautiful and free-flowering. Recommended. 25 cents each; $2.50 per dozen.

MADAME CHEREAU. The pride of the German Iris; a tall, stately, queenly flower. A majestic specimen of entrancing beauty. Standards, white, edged and fringed mauve, interspersed with lilac; inner petals white; Falls, white, edged the same as the Standards. 35 cents each; $3.50 per dozen.

NIBELUNGEN. Standards of fawn-yellow; Falls of violet-purple with fawn margins. A very handsome variety, that I can highly recommend. One of the very largest. 35 cents each; $3.50 per dozen.

PALLIDA SPECIOSA or TURKEY FLAG. Standards, dark lavender shaded lighter; Falls, shaded light purple. 25 cents.

PANCHUREA. Standards, a light, smoky shade; Falls, dull violet red. 25 cents each; $2.50 per dozen.

PALLIDA DALMATICA, or PRINCESS BEATRICE. A much desired variety, with strong broad leaves, large plants producing tall, stately, clear lavender flowers. 36 inches in height. Highly recommended. 35 cents each; $3.50 per dozen.

PRINCESS VICTORIA LOUISE. (See illustration above.) An exceptionally good landscape variety with light yellow Standards and plum colored Falls bordered cream. Similar to "Loreley" but in general of slightly lighter colors. Mid-season. One of the largest and best. 35 cents each; $3.50 per dozen.

QUEEN OF MAY. Called by many "The Pink Iris," a variety that is a favorite everywhere. An early flowering delicate old rose. Tall and stately. 25 cents each; $2.50 per dozen.

QUEEN OF THE GYPSIES. Perfectly marvelous blending of colors. Standards smoky or dusky light bronze; Falls, purplish-red. An entirely new color, one of the finest to date. 35 cents each; $3.50 per dozen.

RHEIN NIXE. Choice New German Iris. One of the largest and finest. Standards, pure white; Falls, deep violet-blue, with a white edge. 50 cents each.
SIBERIAN IRIS: "SIBERICA ALBA"
25 cents each; $2.50 per dozen. (See below for description.)

Siberian Iris

SIBERICA. (Siberian Blue.) (See illustration, this page.) Rich blue flowers of exquisite beauty. 25 cents each; $2.50 per dozen.

SIBERICA ALBA. (See illustration above.) Siberian White. A beautiful white flower. 25 cents each; $2.50 per dozen.

$12.00 per 100 express prepaid; $75.00 per 1,000 express prepaid; 250 at 1,000 rate express collect.

SPECIAL IRIS OFFER: — To give my friends and customers an opportunity to have a more complete collection of these early blossoming favorites, I am making the following offer: —

I will ship you Five Choice Named Varieties of Iris for $1.00, transportation charges prepaid to any part of the United States or Canada. If you have Irises, and wish different varieties from those you are growing, tell me the color and name if you know it, and I will make a selection of varieties that does not include what you have, which will give you five new colors. In making this selection, I will use my best judgment, giving you the greatest variety of colors possible, and varieties I believe will give you satisfaction.
Japanese Iris - Iris Kaempferi

The Japanese Iris is without doubt the king of all Irises. If grown in a favorable location the flowers will attain a size of from eight to twelve inches across and stand over four feet from the ground. They should be planted in a location that has plenty of moisture but which is well drained, especially in Winter. Standing water during the Winter months will probably kill the plants. They should be planted in the Spring or early Fall and if properly planted and cared for will give excellent results the following season.

They start blooming the last of June just at a time when cut flowers are most appreciated in the garden, and continue for about six weeks. When used for cut flowers they should be cut in the bud and allowed to open in water.

Order by name or number.

I will send this complete collection of 12 Japanese Iris for $7.00 prepaid.

5. SUIN. Six petals. Mid-season. Creamy white throughout, strong grower with several flowers on a stalk. $5.00 each.

36. TSURO-NO-KEGOROMO. Three petals. Mid-season. Pure white with yellow blotch. Very large flower. 35 cents each.

40. HANA-AOI. Six lavender-grey Falls with yellow throat-bar set in purple field. Stamen violet. 50 cents each.

98. GINGYOKU. Three petals. Early. Pure white with orange bar. 35 cents each.

107. KOMBARIN. Six petals. Early. Plain white with orange blotch. 50 cents each.

110. RISH-NO-TAMI. Six petals. Late. Falls, light ground veined and splashed violet; dark violet stamens. 50 cents each.

118. MANADZURA. Six petals. White closely veined with blue. $2.00 each.

120. KUHIO-NOTWE. Six petals. Late. Deep purple with yellow center set in sky-blue field. $1.00 each.

130. UCHIU. Three petals. Mid-season. Falls, dark purple veined white, orange blotch. Stands, white tipped purple. 25 cents each.

131. TUJI-NO-HOTORU. Six petals. Late. Dark purple-brown overlaid with light blue. 50 cents each.

137. DATEDOGUE. Six petals. Late. Falls, white splashed violet. Petaloid stamens white, tipped violet. $1.00 each.

142. KUMA-FUNGIN. Six petals. Early. Purple-blue, stigmas lighter, long orange bars. $1.00 each.

Hardy Perennial Phlox

Among hardly herbaceous plants, none is more gorgeous and more easily grown than the Phlox. They are perfectly hardy, grow in any soil and produce magnificent spikes of the most gorgeous flowers. They require but little care, simply keep clear of weeds and well hoed. In planting be sure that the crown of the root, that is, the point where new shoots start, is two inches below the surface of the ground.

Choice New Phlox for 1926

BEACON. Brilliant cherry-red, one of the best red shades grown. 50 cents each; $5.00 per dozen.

B. COMTE. Dark red, very large trusses, not so tall a grower as many others, but one of the most showy varieties grown. 50 cents each; $5.00 per dozen.

DEBS. The finest red phlox there is. Color is bright fiery crimson. There is no other phlox that resembles Debs. Very tall strong grower. $1.00 each; $10.00 per dozen.

JOHNSON'S FAVORITE. Light salmon-pink with a dark red eye, resembling Elizabeth Campbell but far superior in every way. Strong grower. 75 cents each; $7.50 per dozen.

Select Standard Phlox

GRUPPENKOENGIN. One of the finest new Phloxes. Deep mallow pink with tyrian rose eye. Very large trusses; individual flower of enormous size. 50 cents each; $5.00 per dozen.

LE MAHDI. A perfect beauty of special merit. The flower is a rich, dark violet-purple, a color rare among Phlox. The plants are very strong and robust; they are of medium height and produce large flower trusses; individual flowers exceptionally large. 50 cents each; $5.00 per dozen.

LE SOLEIL. One of the most beautiful Phlox grown. Brilliant china rose, with white ring around a deep rose eye. 50 cents each; $5.00 per dozen.

JEANNE D'ARC or SNOW QUEEN. Undoubtedly the very finest pure white variety to date. The plants are extra strong growers of medium height, producing exceptionally large heads. Ideal for hedging or massing. Highly recommended. 25 cents each; $1.25 per dozen; $12.00 per 100; $100.00 per 1,000.

ORNAMENT. Bright clear rose with a light halo, darker center. 50 cents each; $5.00 per dozen.

PEACH BLOW. One of the most delicate shades among the new phlox. Deep rose-pink with white ring and tyrian pink eye. 50 cents each, $5.00 per dozen.

R. P. STRUTHERS. Very strong grower with large heads of fiery salmon-red. Very showy. Fine for borders or hedging. 35 cents each; $3.50 per dozen.

RICHARD WALLACE. White with distinct violet eye. One of the most popular and best known. An exceptionally good variety, that is always reliable, proving a favorite everywhere. 35 cents each; $3.50 per dozen.

THOR. A most beautiful and lively shade of deep salmon-pink, suffused and overlaid with a scarlet glow; with a light, almost white halo surrounding the aniline-red eye. This lovely variety holds a supreme place among the deep salmon-pink, and it is a pleasure to recommend this new creation. It is of exceptionally good habit, being tall and sturdy and producing immense trusses. Flowers are of gigantic size. 50 cents each; $5.00 per dozen.

W. G. EGAN. One of the very finest Phloxes yet introduced, and a variety that wins instant favor, while the individual flowers, according to color chart, are of a delicate lilac, illuminated by a large bright solferino eye, the color effect, as a whole, is a pleasing shade of soft pink. In habit of growth it is very strong and vigorous; producing immense panicles of flowers nine inches high by seven across and the individual flowers are frequently over 1½ inches in diameter. Very satisfactory and one that I can highly recommend. 50 cents each; $5.00 per dozen.

WIDAR. A very attractive and rare variety that I can highly recommend. Pure purple with a prominent white center. Different from all the other varieties. 50 cents each; $5.00 per dozen.
Hardy Perennials

We are sure that nothing gives our customers greater satisfaction about their grounds than a well arranged flower garden of Hardy Plants. With the proper selection of varieties, flowers may be had in bloom from early Spring until severe frost; many of them will succeed where less hardy varieties would prove a total failure: once planted they make a permanent bed and are therefore less trouble and expense than where tender plants are used, and while they are of the easiest culture and do better with less care than most other varieties, yet they well repay any extra attention that may be given them. A properly prepared bed to receive them should be deeply forked or spaded with a liberal supply of well-rotted manure thoroughly worked in. Bone-dust and also some commercial fertilizers produce excellent results and may be applied in small quantities several times during the season and lightly raked into the soil.

Although not absolutely necessary, a Winter covering of long, strong, coarse litter or similar material will afford such protection as to guard against sudden changes of freezing and thawing, and the plants will be in a stronger condition to make an early start in the Spring to pay for the little trouble incurred. Manure can also be used, but a heavy covering on evergreen varieties would be likely to rot and kill them. Roots cannot be shipped until about March 15th, because our ground is frozen or snow-covered until about that date, usually making it impossible to dig them. All hardy plants shipped prepaid at prices quoted.

ACHILLEA — "The Pearl"

A Summer-blooming variety, worthy of a place in every garden. The flowers are pure white, very double, and are produced in large sprays on long stems: are much used by florists for cut-flower work. Perfectly hardy. Particularly desirable for cemetery planting. 18 inches. 25 cents each; $2.00 per dozen, prepaid.

AQUILEGIA or COLUMBINE

The Columbines are one of the most elegant and beautiful of hardy plants, producing their graceful spurred flowers on stems rising two or more feet above a beautifully divided foliage. They should be planted wherever their presence will serve to lighten up a too stiff and formal planting. No other plant has so airy a grace as the Columbine, is more generous of its blooms, or is more effectively adapted for cut flowers. They are not at all particular as to soil or location, although they prefer a sandy loam and a moist but well drained, sunny position. Their period of flowering covers the late Spring and early Summer months and they usually make themselves at home in any hardy border or rockery.

COERULEA HYBRIDS. (Rocky Mountain Columbine.) Including all the well-known colors and shades, blue, pink, red, salmon and yellow. 25 cents each; $2.50 per dozen.

ASTILBE

ASTILBE, QUEEN ALEXANDER. Beautiful pink flowers on plants 12 to 18 inches tall. 50 cents each; $5.00 per dozen.

BOLTONIA

ASTEROIDES. (False Chamomile.) This is an excellent decorative flower. Very desirable to hide unsightly fences, and places in the yard. The bushy plants grow 5 feet high, covered with small white flowers of the Aster-type. Very effective for vases. Strong plants. 20 cents each; $2.00 per dozen, prepaid.

BUDDLEIA or BUTTERFLY BUSH

BUDDLEIA, VARIABILIS VEITCHIANA. Beautiful violet-mauve flowers, with a distinctive odor. A continuous and very satisfactory Summer-flowering plant. Flowers are borne on long, cylindrical spikes, six to twelve inches in length. Blossoms satisfactorily first year planted. 50 cents each; $5.00 per dozen.

CENTAUREA

CENTAUREA, MONTANA. (Perennial Cornflower.) Plants from 12 to 15 inches in height; a rosy-purple, flowering from July to September. 25 cents each; $2.50 per dozen.

CENTAUREA, WHITE LEAVED, or DUSTY MILLER. Fine plants of easy culture, that are suitable for hot sunny situations, in the border or rockery. Their white foliage contrasting with the foliage of other hardy plants, making them very showy. 25 cents each; $2.50 per dozen.
DELPHINIUM or HARDY LARKSPUR
Mrs. Ely, author of "A Woman's Hardy Garden," says: "Perennial Larkspur may be planted as soon as the Spring has opened. The ground should be well drained and carefully prepared, but manure must not be allowed to come in contact with the roots, or grubs are apt to destroy the plants. A little finely ground bone meal dug around each plant early in May will be of benefit, and in late Autumn, coal ashes should be sifted over the crowns of the plants to protect them from the white grubs, which is their only enemy. The stalks being very tender, the plants should be staked when they are about three feet high, to protect them from heavy winds. Larkspur begins to bloom about June 20th, and by cutting off the plants close to the ground, as soon as each crop of flowers has faded, a second and third crop of flowers will succeed. Each time the plants are cut a little bone meal should be dug about them.

BELLADONNA. The freest and most continuous bloomer of all, never being out of flower from the end of June until cut down by hard frost. The clear turquoise-blue of its flowers is not equalled for delicacy and beauty by any other. Perennial. 35 cents each; $3.50 per dozen; $25.00 per 100.

BELLAMOSUM. A dark blue form of the popular light blue Belladonna. A very sturdy grower and a free bloomer. Flowers from June until frost. Grows 3 feet high. 35 cents each; $3.50 per dozen; $25.00 per 100.

CHOICE HYBRIDS, including all the standard colors. I can supply these in mixtures only. 25 cents each; $2.50 per dozen.

CHINESE. (Grandiflorum or Chinese Larkspur.) Fine feathery foliage and deep gentian blue flowers. 2 feet. 25 cents each; $5.00 per dozen.

CHINESE ALBUM. A white flowered form. 2 feet. 50 cents each; $5.00 per dozen.

DIANTHUS—PINKS
DIANTHUS PLUMARIUS DELICATA. New seedling pink, from Dianthus plumarius. The earliest of all to blossom. Very delicate beautiful cameo-pink flowers, blossoming in June. 9 inches in height. 25 cents each; $3.50 per dozen.

DIANTHUS, SEMPERFLORENA. 9 to 12 inches. Single and semi-double flowers. Pink, with crimson-red center. 25 cents each; $2.50 per dozen.

FUNKIA—Plantain Lily
FUNKIA—Plantain Lily. The Plantain Lilies are among the easiest plants to manage; their broad massive foliage makes them attractive subjects for the border, even when not in flower. Lavender-blue blossoms in July, August and September. They succeed equally well in sun or shade. 20 cents each; $2.00 per dozen.

HEMEROCALLIS (Yellow Day Lily.)
Popular hardy plants, belonging to the Lily family. They succeed everywhere and should always be included in the border of old-fashioned hardy plants. One of the most beautiful and popular of our garden perennials. The Lemon Day Lilies have narrow grass-like foliage, and the flowers have wide funnels. Small plants will flower freely the first year. The plants are all remarkably free from enemies and need no protection from the severest Winter storms. The flowers are very simple, yet distinct, with a wholesome fragrance. The individual flowers are short-lived, but there is a good succession. They thrive in almost any garden soil, but are most luxuriant along the borders of ponds or moist places, and in partial shade. Excellent for cutting, lasting a long while, and the most backward buds opening in water.

Our stock of Hémérocallis is field-grown, and can be depended upon to be true to name.

APRICOT. Rich apricot colored flowers. Plants grow 2½ feet tall. 25 cents each; $2.50 per dozen.

AURANTIACA. (Carolina Lily.) A beautiful, large trumpet-shaped Day Lily with fragrant orange flowers. One of the most satisfactory; height 2 to 3 feet; flowers in June and July. Easy to grow. 35 cents each; $3.50 per dozen.

FLAVA. (Yellow Day Lily.) The best known variety; very fragrant, deep, clear lemon-yellow; flowers in June; height 2 to 3 feet. 25 cents each; $2.50 per dozen.

HIBISCUS (Mallow or Malva)
From Old Greek, meaning to soften, referring to its soft, mucilaginous qualities. Tall vigorous growing perennials of the most ancient culture. Used among the Romans as a vegetable, and still serves as food to the Chinese.

MALLOW MARVELS or GIANT FLOWERING Hibiscus. (Marshmallow.) An improved form of our native Marshmallow or Rosemallow, in which the colors have been greatly intensified. Robust, upright habit, producing an abundance of flowers of enormous size, in all the richest shades of crimson and pink. Strong roots, 50 cents each; $5.00 per dozen. Small divisions at 25 cents each; $2.50 per dozen.

LYSIMACHIA
CLETHROIDES. (Loose-strife.) A fine hardy plant, between one and two feet in height, that blossoms during July, August and September. Long dense recurved spikes of pure white flowers. 25 cents each; $2.50 per dozen.

MONARDA (Bergamot)
(Bee Balm.)

DIDYMIA ROSEA. (Bee Balm.) Showy plants growing from 2 to 3 feet in height, that succeed in any soil or position. Bright colored flowers or a red dish rose shade, with aromatic foliage. Blossoms during July and August. 25 cents each; $2.50 per dozen.

PHYSOSTEGIA
PHYSOSTEGIA VIRGINIANA. (Ladies' Pink.) An elegant plant with dark, glossy, green foliage and long spikes of soft rose flowers; excellent for cutting. It produces its flowers during July, August and September when few flowers are in bloom. Height, 2 to 3 feet. 20 cents each; $2.00 per dozen.

PHLOX SUBULATA (Moss Pink)
PHLOX SUBULATA. Dwarf Moss Pinks. A much prized old-time garden plant, useful for colonizing where it is desired to cover the earth with a tufted, dense, evergreen mat. It is much used in cemeteries, rockeries, for borders, and old-fashioned gardens. Blooms profusely in the Spring and is sweetly scented.

ALBA. Pure white. 25 cents each; $2.50 per dozen.

LILACIANA. Flowers clear lilac. 25 cents each; $2.50 per dozen.

RUDBECKIA ( Cone Flower)
Indispensable plants for the hardy border; grow and thrive anywhere, giving a wealth of bloom, well suited for cutting.

GOLDEN GLOW. A well-known popular plant, strong, robust grower, attaining a height of 5 to 6 feet; produces masses of double golden-yellow flowers from July to September. 15 cents each; $1.50 per dozen.
Hardy Perennials—Continued

SPECTABILE ROSEA. (Show Sedum.) Most popular of the Sedums and used for the greatest number of purposes; showy, flat heads of rose colored flowers. 12 to 18 inches. 25 cents each; $2.50 per dozen.

TRADESCANTIA
TRADESCANTIA ALBA. An all-round plant for wet or dry, sunny or shady situations, continuing in bloom from early Summer until frost. Pure white, three-petaled flowers in clusters on long stems, and long, pointed foliage. Height 2 feet. 25 cents each; $2.50 per dozen.

HARDY GARDEN HELIOTROPE
Valeriana (Spurred Flower.)
VALERIANA OFFICINALIS. The old-fashioned garden Heliotrope with pinkish or lavender flowers with Heliotrope fragrance; flowers in June and July; Height, 4 feet. 25 cents each; $2.50 per dozen.

A trial will convince you of its merit.

YUCCA
(Yucca Needle.)
YUCCA FILAMENTOSA. A stately foliage and flowering plant equally imposing in solitary or group planting; always conspicuous. The broad sword-like foliage is evergreen, while in mid-Summer it shows great erect, branching stems, bearing a showy display of pendant, creamy white bells. Very fragrant; flowers in July and August. Roots 25 cents each; $2.50 per dozen; larger plants, 50 cents each; $5.00 per dozen.

Oyama Plant Food
A Wonderful Japanese Discovery
MAKES PLANTS THRIVE

By using OYAMA on house plants it will keep them in bloom all Winter and as green and luxuriant as if grown outdoors in the Summer. It will make your flower and vegetable garden wonderfully productive and the envy of your neighbors.

It makes no difference how healthy or delicate your plants may be, OYAMA will bring out new flowers and foliage and cause a marvelous transformation.

Dahlia Cutting Knives

Many of my customers have asked me what kind of a knife I use in separating my clumps of Dahlias, so thinking it will make it convenient for my customers, I am offering the knives we use to separate the Dahlia clumps. The above illustration shows their general appearance. This knife has a two inch blade made of finest tool steel, with nickle-plated closed-end ferrules, and every blade securely riveted in the handle. The blades are ground sharp and hand honed. This knife has an oval taper rubberoid handle. In addition to being used in cutting Dahlias, it is made for Grape picking and Pruning purposes. A good pruning knife is always handy. The women folks like them for paring apples and potatoes. 50 cents prepaid.

HYDRANGEA ARBORESCENS GRANDIFLORA
Specimen plants $1.00 each; $10.00 per dozen

# Ornamental and Flowering Shrubs

**Shipped by Express at Purchaser’s Expense.**

A good Shrub collection will present the greatest variety of colors throughout the season, both in flower and foliage.

Irregular massing is the most picturesque method of shrub planting. When right selections are made, they will serve almost as well as Evergreens, to shut out from view fences and other low unsightly objects. It is my constant aim to grow everything that is useful, hardy and worthy of cultivation in our climate.

Annual pruning should be done directly after flowering. When planting, the best way to maintain a balance between roots and branches is to cut the latter to half their length. I prune all I ship out, so they are properly pruned, and ready to plant and grow. When pruning, the old scraggy wood and spindly shoots should be cut out.

When planting, the holes should be made large enough to allow the roots to be spread out in a natural way. Firm planting is essential to the future well-being of the shrub. In planting, therefore, the soil should be crowded around the roots firmly. The top-soil should be kept cultivated to a depth of two to three inches. If heavy bushes are desired I have good large specimens that will produce immediate effect. These are designated by the word specimens throughout the descriptions.

## BERBERIS. Barberry

**BERBERIS THUNBERGII.** Where a low, dwarf, deciduous hedge is wanted, nothing equals this beautiful Barberrry. It is of spreading habit, growing extremely thick right from the base and requires but little pruning to keep it in shape. The leaves are small, light green, and towards Fall assume rich, brilliant color, the fruit or berries becoming scarlet; absolutely hardy in all parts of the country.

**CALIFORNIA PRIVET**

Of all ornamental hedge plants this is the most popular and more of it is planted than all others combined. Its foliage is a rich, dark green and is nearly evergreen, remaining on the plant until mid-Winter. It is of free growth and succeeds under the most adverse conditions, such as, under dense shade of trees where other plants would not exist.

To form a dense hedge from the base up the plants should be severely pruned the first two seasons. Plant the one-year old size 8 inches apart in the row, the larger sizes 10 to 12 inches apart.

**DEUTZIA**

We are indebted to Japan for this valuable genus of plants. Their hardiness, fine habit, luxuriant foliage and profusion of attractive flowers place them among the most beautiful and most popular of flowering shrubs at the present time. Flower in June and through July and August.

<table>
<thead>

## PRIDE OF ROCHESTER

**Deutzia Crenata Flora Plena,** producing double white flowers; backs of the petals slightly tinted with rose. It excels all the older sorts in size of flower, length of panicle, profuseness of bloom and vigorous habit; blooms nearly a week earlier.

## HYDRANGEA

**HYDRANGEA ARBORESCENS GRANDIFLORA.** (Snowball Hydrangea.) This magnificent, perfectly hardy American shrub has snow-white blossoms of largest size. One of its most valuable characteristics is its coming into bloom just after the passing of all the early Spring shrubs, while its long flowering season, from early June until late August, makes it a very valuable acquisition in any garden. Small plants, 50 cents each; $5.00 per dozen; specimen plants, $1.00 each.

**HYDRANGEA PANICULATA GRANDIFLORA.** Without doubt the best known and most popular Autumn flowering shrub in cultivation at the present time. The flowers, which are large, dense, pyramidal panicles a foot long in the greatest profusion, are white when they first open, but gradually change to rose color, and remain in good condition for weeks. Extra fine bush plants, $1.00 each; $10.00 per dozen.

## SPIRAEA

**VAN HOUTTEI.** (Bridal Bower) By many this is regarded as the finest of all Spiraeas, and it is assuredly one of the most esteemed shrubs in cultivation. It forms an erect bush with graceful arching branches, well covered with neat, rich green foliage, and in early Summer a profusion of large, pure white flower clusters. Very hardy and most effective.

**A FEW TESTIMONIALS**

Mr. J. K. Alexander  
East Bridgewater, Mass.  
Dear Sir,—  
We wish to inform you that we received our Dahlia bulbs in fine shape and have grown well. We are now anxiously waiting for their appearance above ground.  
We also wish to thank you for the “Thank you” bulb, Libelle.  
Yours truly,  
Mrs. W. C. Rasch.

Mr. J. K. Alexander  
East Bridgewater, Mass.  
Dear Sir,—  
My order of Dahlia bulbs has just arrived and have just made a check on same. I find everything is O. K., good count and bulbs in fine shape. There has been one mistake made by myself and that I had been losing money by not having my orders going your way. Thanking you again, I beg to remain,  
Yours respectfully,  
George T. Smith.

Brainerd, Minn.  
Box 240.

### Dahlia Seed

I offer this year seed carefully selected from the best varieties and all types. If you are interested in growing Dahlias in new forms and new colors you cannot do better than to get a packet of seed. One package will produce 15 to 20 plants.

**SPECIAL SEED.** I have selected and reserved some hand-pollenised seed and can supply a limited number of packets of this seed, being personally selected from my best and largest varieties. I highly recommend these seed. $2.00 per package of 50 seeds.

**SPECIAL MIXED SEED.** 50 seed selected from all large flowering varieties Dec. H. C. and Peony flowered. $1.00 per package.

**SELECT MIXED SEED.** 50 seed from some very select flowers. Price 50 cents per package.

**GENERAL MIXED SEED.** 25 seed from all types of dahlias. Price 25 cents per package.

MARGARET E. MILLIS
A wonderful bloomer on good stems. The coloring is amaranth-pink combined with white in a streaked effect. The flowers are very deep and large with petals inclined to twist. This variety shows up in the field in a manner that makes it very conspicuous and attractive and I can recommend it highly.

$2.00 each.
